An Act respecting the Village of Acton.

WHEREAS the Corporation of the Village of Acton has by its petition represented that the council of the said corporation duly passed By-law Number 447, intituled "A By-law to provide for the borrowing on debentures the sum of \$25,000 for the purpose of loaning the same to The Reliance Shoe Company, Limited, to enable them to establish a plant in the Village of Acton for the manufacturing of boots and shoes," after the same had been submitted to the assent of the electors when there were one hundred and fifty-six votes in favour of the by-law and nineteen votes against the by-law; and whereas doubts have arisen as to the legality of the said by-law, and the said corporation has petitioned that an Act be passed validating and confirming the said by-law and the debentures issued or to be issued thereunder; and whereas it is deemed expedient to grant the prayer of the said petition; Preamble.

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. By-law Number 447 of the Village of Acton, intituled "A By-law to provide for the borrowing on debentures the sum of \$25,000 for the purpose of loaning the same to The Reliance Shoe Company, Limited, to enable them to establish a plant in the Village of Acton for the manufacturing of boots and shoes" and set out in Schedule "A" hereto and all debentures issued or to be issued thereunder, are validated and confirmed, and are declared to be legal, valid and binding upon the said Corporation of the Village of Acton and the ratepayers thereof. By-law
No. 447
of Village
of Acton

VILLAGE OF ACTON.

BY-LAW No. 447.

A By-law to provide for the borrowing on debentures the sum of \$25,000 for the purpose of loaning the same to The Reliance Shoe Company, Limited, to enable them to establish a plant in the Village of Acton for the manufacturing of boots and shoes.

Whereas the Reliance Shoe Company, Limited, of the first part, and the Municipal Corporation of the Village of Acton, of the second part, have entered into an agreement, that in consideration of the said Corporation providing the said Company with a free site for a factory and lending them the sum of \$25,000 repayable in twenty annual payments of \$2,179.61 each,

The said Company agrees to erect on a site chosen by the said Corporation in the Village of Acton, a factory building costing not less than \$10,000 and to instal in said factory all modern machinery and plant required in manufacturing boots and shoes, the total equipment including buildings, land and the said plant and machinery to cost not less than \$25,000, being the amount agreed upon between the said Company and the said Corporation, and the said lands, buildings, plant and machinery shall be free from all liens, charges and encumbrances of every kind, other than the mortgage hereinafter mentioned.

The said Company shall complete the erection of the said buildings on the said property, and shall place the said machinery and plant therein and have the same in operation as a going concern by the first day of May, 1917, and shall during the term of twenty years from the first day of May, 1917, employ in the said business not less than sixty employees on the average in each working day of each year, in the said term unless prevented by fire, strike or other unavoidable cause, the calculation as to the number of employees and the amount of wages paid to be made as hereinafter provided.

The said Company shall execute and deliver to the said Corporation, a first mortgage for the sum of \$25,000 upon the said buildings, land and premises, plant and machinery, stock-in-trade, free from all dower, liens, charges and encumbrances of every kind, and all other fixtures, machinery and plant to be subsequently placed upon said premises in connection with the said business which said plant and machinery and fixtures now upon or subsequently placed upon the property shall for the purposes of the said security to be regarded as part of the freehold and the same to be of the total value of \$30,000 as a guarantee of good faith and for the faithful performance of all conditions and covenants binding upon the Company, under this agreement until the discharge of the said mortgage as hereinafter provided, and to secure the Corporation loaning the said Company the said sum of \$25,000.

The said mortgage shall be prepared and made, in pursuance of the Short Forms of Mortgages Act, and shall contain the usual statutory covenants contained in such mortgages, and such others as the Corporation shall deem advisable for the security thereby intended, insurance to the extent of at least 75 per cent. of the cash value of the buildings, plant, machinery, and stock-in-trade on the mortgaged premises shall be placed upon the same by the said Company and premiums paid therefor.

The said Company shall, during the said term of twenty years, whenever required to do so, submit to the Corporation a statement as to wages paid and persons employed by the said Company, such statement to be prepared and signed by a regular chartered accountant satisfactory to the Corporation and if required also verified by a statutory declaration to be made by the said Company.

And whereas it is expedient to pass this By-law and submit the same to the electors of the said municipality to authorize the said Corporation to borrow the sum of \$25,000 on the debentures of the said municipality for the purpose of loaning the same to the said Company, to enable them to erect the said factory and to carry on the business of manufacturing boots and shoes in the said Village of Acton;

And whereas it will be necessary to borrow the said sum of \$25,000 and to issue debentures of the Village of Acton therefor bearing interest at the rate of six per cent. per annum, which is the amount of the debt intended to be created by this By-law;

2. The said debentures and coupons shall be signed by the Reeve of the said Village and the Treasurer thereof and the said debentures shall be sealed with the Corporate Seal of the Municipality.

3. During twenty years the currency of the said debentures there shall be raised annually by special rates on all rateable property in the Village of Acton the sum of \$2,179.61 for the purpose of paying the amount due, in each of the said years for principal and interest in respect of the said debt as shown in the Schedule "A" hereunto annexed.

4. The Reeve and Clerk are hereby directed and authorized to convey to the said Reliance Shoe Company, Limited, part of Lot Number Twenty-eight in the Third Concession of the Township of Esquesing, now within the limits of the Village of Acton, as a site for their proposed factory.

W HEREAS the Municipal Corporation of the Town of Penetanguishene has, by its petition, represented that it has incurred a floating indebtedness of \$15,000, made up as follows:—\$11,000 for sundry extensions made to the waterworks system of the town during the years 1912, 1913, 1914, 1915, and 1916; \$635 for recruiting expenses and supplies to recruits for overseas service; \$600 for a team of horses and harness therefor, purchased for fire brigade, and for town work; \$1,903 for necessary expenditures upon streets and sidewalks of the town in excess of the levies made therefor during the years 1913 and 1914; and \$862 on account of interest during the years 1913 and 1914, in excess of the levies made therefor in the said years; that the amount of the rateable property of the said town is \$1,113,818, and that the amount of the existing debenture debt of the said town is \$198,472.51, of which the following are the particulars:—Original water-works' construction, \$26,000.00 (on account of which a sinking fund now amounting to \$15,271.76, is on hand and invested); electric light and power, \$24,027.35; electric pump and appliances, \$4,184.96; water reservoir and connections, \$13,044.57; water meters, \$733.50; cement walks, \$9,690.62; sewers, \$12,978.74; parks, \$1,097.20; Township of Tiny railway debenture debt, \$3,656.54; consolidated debt, \$21,247.65; Firstbrook Box Company bonus, \$8,894.12; Stove Foundry bonus, \$19,857.07; Stove Foundry loan, \$21,347.61; Public School, \$12,510.23, and High School, \$19,182.35; and whereas the said corporation, by its petition, has further represented that to liquidate the said floating indebtedness forthwith, in addition to meeting the ordinary necessary annual expenses of the municipality, would be unduly oppressive to the ratepayers, and has prayed that authority be given to borrow \$15,000 to pay off the said floating debt; and whereas it is expedient to grant the prayer of the said petition;

Therefore, His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

BILL

An Act respecting the Water Supply of the Town of Cobalt.

WHEREAS the Water Commissioners of the Town of Cobalt have, by petition, represented that for the purpose of securing to the inhabitants of the Town of Cobalt a sufficient and pure supply of water, it is desirable to give the commissioners and the said Local Board of Health certain powers and certain control over the lands and premises hereinafter described, which lands and premises are situated in the Township of Coleman and in the Township of Bucke; and whereas the said commissioners and the said Local Board of Health have prayed that an Act may be passed for that purpose, and it is expedient to grant the prayer of the petition;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. Wherever the words “Cobalt Water Commissioners” or “Cobalt Water Commission” occur in this Act they shall extend to and include any successors in office of such commission and also the Municipal Council of the Town of Cobalt if the latter at any time hereafter assumes the control of the waterworks system of the Town of Cobalt.

2. The Local Board of Health of the Town of Cobalt, in addition to all the powers which it possesses under *The Public Health Act*, shall have all the powers of the councils of local municipalities over the lands and premises herein-after described and given to local municipalities by paragraphs 10, 11, 12, 13, 14 and 67 of section 399, and paragraph 4 of section 491 of *The Municipal Act*.

3. 5. No persons except the Cobalt Water Commission and the present stockholders or their successors or assigns of The Mines Water Supply Company, Limited, shall take any water under any pretence whatever from the said area as before defined, without the authority in writing of the said Cobalt Water Commission and the said company.

6. The said Cobalt Water Commissioners shall pay the said company five per cent. each and every year beginning with the year 1916, of the costs of the ordinary maintenance and operating expenses incurred by the said company in pumping water from any other of the lakes in the said area into Clear Lake or Sasaginaga Lake, provided always that the said company shall maintain a depth of four feet at least over the present outlet of the intake pipes entering the well supplying the pumps of the said Cobalt Water Commissioners.

7. The said Local Board of Health may, further, make such regulations or by-laws for preserving the reasonable cleanliness of the said lands and premises and for securing the purity of the water areas of any and every kind contained in the same or which may be tributary to the said areas, as the said Local Board of Health may deem advisable and without restricting the generality of the foregoing, the said Local Board of Health may pass by-laws:—

(a) Requiring all persons living on the said lands and premises, or any part thereof, and the owner of every structure on the said lands and premises, to close up all sinks, cesspools, water closets, earth closets and privy vaults, and the tendency of which would be to render the waters of the said area impure, at their own expense;

(b) Requiring all persons living on the said lands and premises, or any part thereof, to use such water closets, garbage pails and other utensils or means for the purpose of disposing of any waste matter as the said Local Board of Health may see fit, and requiring that the said waste matter shall be disposed of at the expense of the said person or owner as the said Local Board of Health may direct;

- (e) For regulating and prohibiting the cutting of ice, boating, swimming, fishing or skating on the waters or ice on the said lands and premises and also for regulating and prohibiting the building of, making of, or travelling on roads across the waters on the said lands and premises during the winter season;
- (f) Part 22 of *The Municipal Act* shall apply to and be read with this Act, and wherever the words or phrases "Council of any Municipality," or "Councils of all Municipalities," or "Council or Municipal Council," or "Corporation," are set forth in said Part 22, each of said words and phrases shall be read as including and meaning the said Local Board of Health of the Town of Cobalt.

☞ Provided that where the lands of any person are injuriously affected by the exercise of the powers conferred under clauses (c) and (d) of this section or any of them, compensation shall be made for such injury by the corporation of the town of Cobalt; the amount of such compensation, if not mutually agreed upon, to be determined by the judge of the District Court of the District of Temiskaming. ☞

☞ 8. Nothing in this Act contained shall be taken to deprive the owners of lot seven and the south half of lot six in the first concession of the Township of Bucke of their rights as such owners in respect of the waters of Graham Lake and Sasaginaga Lake. ☞

An Act respecting the Town of Waterloo.

WHEREAS the Corporation of the Town of Waterloo Preamble.
has by its petition represented that on the 5th day of December, 1916, the council of the said corporation passed the first and second readings of a by-law entitled "By-law to grant exemption from taxes to The William Snider Milling Company, Limited," which said by-law is set out in Schedule "A" hereto; that the said by-law was duly submitted to the electors of the Town of Waterloo on the 1st day of January, 1917, as required by *The Municipal Act* when 321 electors voted for the by-law and 303 electors voted against the by-law, and that on the 8th day of January, 1917, the council of the said corporation finally passed the said by-law by the affirmative vote of all the members thereof; and whereas the said corporation has by petition prayed that an Act may be passed to confirm and validate the said by-law and that the said corporation be authorized to acquire the lands mentioned in the option recited in the said by-law and to enter into the covenants, undertakings and conditions therein provided for; and whereas it is expedient to grant the prayer of the said petition;

1. By-law No. 598 of the Corporation of the Town of Waterloo, entitled "By-law to grant exemption from taxes to The William Snider Milling Company, Limited," set out in Schedule "A" hereto is hereby confirmed and declared to be legal, valid and binding upon the said Corporation of the Town of Waterloo and the ratepayers thereof and upon all parties affected thereby, and the said Corporation of the Town of Waterloo is hereby authorized to accept the option mentioned in the recital to said by-law and to acquire the lands therein mentioned and to enter into the covenants, undertakings and conditions therein provided for.

SCHEDULE "A."

TOWN OF WATERLOO.

By-LAW No. 598.

By-law to grant exemption from taxes to The William Snider Milling Company, Limited.

Whereas The William Snider Milling Company, Limited, have duly executed and delivered to the Corporation of the Town of Waterloo an option in the words and figures following:—

Agreement made this fourth day of December, one thousand nine hundred and sixteen,

Between

The Wm. Snider Milling Company, Limited, hereinafter called "the Vendor," of the first part;

and

The Corporation of the Town of Waterloo, hereinafter called "the Purchaser," of the second part.

Witnesseth that in consideration of the sum of two dollars, now paid by the Purchaser to the Vendor (the receipt whereof is hereby acknowledged), the Vendor hereby gives to the Purchaser an option irrevocable within the time for acceptance herein limited, to purchase free from encumbrance, all those certain parcels or tracts of land situate, lying and being in the Town of Waterloo, in the County of Waterloo, being composed of, firstly, all those portions lying north of Erb Street in the said town of the lands conveyed by F. W. Snider to the Vendor by conveyance dated 29th April, 1915, and registered as No. 8410, excepting and reserving that portion of the said lands adjoining the mill-pond, but not submerged by the waters thereof, lying between the production south-westerly to the water's edge of the mill-pond of the southerly limit of lot number nine of Jacob C. and Elias Snider's survey and the production south-westerly to the water's edge of the mill-pond of the south-easterly limit of lot number nine of Mielke's survey; and subject also to all estates, rights and privileges affecting any of the said lands given and devised by William Snider in and by paragraph number "3" of his last will and testament to his wife, Faith Snider, to use and occupy the same during her widowhood in connection with the residence and premises in the said paragraph referred to; secondly, all that portion of the lands conveyed to the Vendor by the said conveyance, lying easterly of King Street in the said Town of Waterloo.

In consideration for the conveyance of the said lands by the Vendor to the Purchaser, in case the said option shall be exercised and such conveyance shall be called for, the Purchaser shall exempt the Vendor and its assigns for the term of fifteen years, from the date of acceptance of this option from all taxes upon all the property conveyed by the said Conveyance No. 8410, excepting two messuages or stores on the south side of Erb Street, now occupied by tenants of the Vendor, said exemption from taxes to include all taxes in respect of real estate, business assessment, local improvement rates, and all other rates and taxes, save only school rates and taxes; and the Purchaser will further, in and by the conveyance to be given in pursuance hereof, covenant with the Vendor that, for the term of fifty years from the date of acceptance of this option, if the Vendor or its assigns shall so long use and occupy for milling purposes the property in the Town of Waterloo so used at present by the Vendor, the Vendor, or its assigns, shall have the right and privilege to maintain the water in the mill-pond on the lands firstly mentioned at the same height and in all respects as heretofore, and to take

and use water therefrom for milling purposes, in all respects as heretofore, paying therefor one dollar per year; and will further covenant to permit the Vendor, or its assigns, at any time when the said dam or flood-gates therein shall, in the opinion of the Vendor, or its assigns, be in need of repair or rebuilding, to enter upon the said property for the purpose of making such repairs or so rebuilding the said dam or floodgates, so as to maintain the water as heretofore, and that the Purchaser will forthwith, upon demand by the Vendor, or its assigns, at any time after such repairs or rebuilding shall have been done, pay to the Vendor or its assigns one-half the cost of such repairs or rebuilding, and will further permit the Vendor at all times to control and regulate the flow of water from the said mill-dam, either through the flood-gates in connection therewith, or through the mill-race for milling purposes; and will further covenant to pay to the Vendor, upon demand, one-half of all damages with costs of all legal proceedings therefor, which the Vendor or its assigns may be obliged to pay during the said term of fifty years in consequence of the outflow or escape of water from the said dam; and will further covenant with the Vendor and its assigns that no portion of the lands covered by the waters of the mill-pond adjoining that part of the said lands north of Erb Street excepted and reserved as hereinbefore mentioned shall be filled in, nor shall the extent of the waters of the mill-pond as at present existing be in any way reduced or diminished, nor shall any road or other construction or work be made or established so as to prevent in any way the free and unrestricted access, as heretofore enjoyed, from the lands so excepted and reserved to the waters of the mill-pond and all portions thereof.

The Vendor agrees that from time to time during the said term of fifty years, the Purchaser shall be at liberty, at such times as the same can be done without impairing the Vendor's use of the waters of the mill-pond as above provided for, and upon the Vendor's consent thereto being obtained, to lower the waters of the said mill-pond for so long as may be necessary for the purpose of constructing and repairing bathing beaches along the shores of the said mill-pond.

The option hereby given shall be open for acceptance in writing by the Purchaser up to, but not after, the first day of June, 1917, and such acceptance may be by letter, mailed, postage prepaid and registered, addressed to the Vendor at Waterloo, Ontario; but such acceptance shall not be binding upon the Vendor unless the Purchaser shall, prior thereto, have obtained from the Legislature of the Province of Ontario, by statute duly enacted, full power and authority to so acquire the said lands and to enter into the covenants, undertakings and conditions herein provided for. Such acceptance by the Purchaser shall be deemed an acceptance of the title of the Vendor.

In witness whereof the Vendor has caused its corporate seal to be affixed hereto, attested by the hands of its president.

Signed, sealed and delivered
in the presence of

HERBERT SNIDER.
THE WM. SNIDER MILLING CO., LTD.,

(Seal.) FRED W. SNIDER,
Managing Director.

And whereas it is deemed expedient to accept the said option;

Therefore the Municipal Corporation of the Town of Waterloo enacts as follows:—

1. That the said option be accepted.
2. That The William Snider Milling Company, Limited, and its assigns for the term of fifteen years from the date of acceptance of

said option, be exempted from all taxes upon all the property conveyed by document mentioned in the said option and registered as No. 8410, excepting two messuages or stores on the south side of Erb Street, now occupied by tenants of The William Snider Milling Company, Limited, said exemption from taxes to include all taxes in respect of real estate, business assessment, local improvement rates and all other rates and taxes save only school rates and taxes, and rates and taxes under by-laws granting aid to Red Cross Societies and for other patriotic purposes which the council has no power to exempt.

3. That upon the said Company having paid the expenses of obtaining intended legislation to validate this by-law, and the costs of publication of the by-law, not exceeding in all two hundred dollars, the mayor and clerk be and they are hereby authorized and instructed to execute and affix the corporate seal of the Corporation of the Town of Waterloo to such writings, instruments or documents as may be necessary in order to carry out the intent and meaning of the said option.

4. This by-law shall take effect on the day of the final passing thereof.

Finally passed after the assent of the qualified electors by the affirmative vote of all the members of the Council this eighth day of January, 1917.

SCHEDULE "A."

Memorandum of Agreement made this eighteenth day of July, A.D. 1916.

Between

The Corporation of the City of Toronto, hereinafter called the "City," of the first part;

and

The Corporation of the Township of York, hereinafter called the "Township," of the second part.

1. Whereas the said Township is desirous of purchasing a supply of water from the said City, the said City agrees to sell water to the said Township, upon the terms and conditions hereinafter set out.

2. The said City agrees to supply water to the said Township. The points of contact between the two municipalities, at which water shall be supplied, and the manner thereof, shall be determined by the Commissioner of Works.

3. The supply shall be metered at such points of contact, to measure the quantity of water supplied, and the said Township shall pay for the purchase and installation of such meters, recorders, recorder houses, meter houses, meter chambers, drains, and everything connected therewith, but the City shall maintain such meters in repair, free of cost to the Township. The said Township shall during the winter months, at its own cost, continuously heat all recorder houses.

4. The said Township shall pay for such supply of water so metered, in accordance with the quantity which the meter, or meters shall record.

5. Should any meter, or meters, for any reasons fail to record accurately, or fail to record at all, the consumption is to be averaged and paid for by the said Township, for such period of failure, on the basis of the consumption for the three months preceding such failure, or the three months succeeding the time when such meter or meters have been placed in proper and efficient working order, as the Commissioner of Works shall determine.

6. The said Township shall pay the said City at the rate of 20c. per 1,000 imperial gallons.

7. The said Township agrees with the said City to pay to the said City the amount charged for the supply of water, as provided herein, immediately upon receiving an account from the City therefor.

8. The said Township shall not be entitled to any rebate from the City on account of water registered or passed by the meter, and for which the said City may call upon the said Township to pay.

9. The said Township, at its own expense, will supply and instal all necessary mains, hydrants, valves, recorders, meters, meter houses, apparatus, and services according to plans, profiles and specifications to be approved by the Commissioner of Works of the said City, and under the supervision and inspection of the said corporation, the said Township agreeing to pay the cost of such supervision and inspection.

10. The said Township agrees that all mains, hydrants, services, fittings and appliances which they lay, instal, furnish or maintain, shall be of the size, kind, quality and type required by the Commissioner of Works, and shall fulfil all requirements by way of structure and test which like articles supplied and used by the City, from time to time, may be required to fulfil or withstand.

11. The said Township shall provide and locate all valves, fittings and appliances, in such position as may be approved by the said Commissioner of Works.

12. When and as often as the said Township proposes to lay a water main, or mains, to be fed from the City supply, the said Township shall notify the Commissioner of Works of the said corporation, and submit a plan with said notification of the district to be supplied, such plan to show profiles, and widths of the streets on which the main, or mains, are proposed to be laid, together with size and location of mains, hydrants, valves and appliances, and like information pertaining to other services and utilities already installed, and a profile of the main as proposed to be laid.

13. The Commissioner of Works for the said City shall within four weeks after the receipt of said notice, express approval or disapproval of the plans submitted, or any other objection which he has to urge, under the terms and provisions of this agreement. The contemplated works shall not be proceeded with until the Commissioner of Works shall have given his approval thereto, but such Commissioner shall not withhold such approval except for good and just reasons.

14. Should the Township at any time deem it necessary to alter the grade of any street in which a main has been laid, within said Township, such main shall be re-laid forthwith upon the demand of the Commissioner of Works and at the sole expense of the said Township.

15. The Township shall notify the Commissioner of Works whenever it does any grading upon any thoroughfare upon which a water main is laid, when such grading reduces the covering of the water main below 5 ft. 6 in.

16. The said City hereby agrees with the said Township to make repairs to the system of distributing mains of the said Township served under this agreement, at as early a time as practicable after notification, first having regard for the needs of the City. This provision shall not extend to the services installed by the said Township and fed from such mains.

17. The aforesaid repairs shall be made at the expense of the Township, which agrees to make payment for such repairs immediately upon receiving account from the said City therefor.

18. The said City reserves the right, at any time, to manipulate valves, or anything connected with the water supply, within the

City limits, for its own use and protection. If this shall diminish, interrupt, or cut off the supply from the said Township, the said City shall not in any way be liable to the said Township on account thereof. This provision shall not be construed as giving the City the right of discontinuing any supply to the Township under this agreement.

19. The said City undertakes to exercise all due care and diligence in order to effect the intent of this agreement, but shall not be liable for any interruption, lack of continuity or variation in pressure, of the water supply from any cause whatsoever.

20. Upon the annexation of all, or any part, of the said Township supplied with water under this agreement, the said City shall assume all outstanding debenture indebtedness incurred for the purpose contemplated by this agreement, for that portion of the Township actually annexed, but only for the unexpired term of such debentures dated from the date of annexation; adjustment to be made between the parties as of date of annexation.

21. The rates provided for in this agreement may, at any time, be changed by mutual agreement, or by arbitration, as hereinafter provided.

22. If the said Township shall, at any time, fail to carry out the provisions of this agreement, or any of them, thereupon after receiving twenty days' notice thereof from the City, and failing to carry out the same, it shall forthwith cease to have any rights hereunder.

23. Any differences arising between the said City and the said Township, as to the construction of this agreement, the variation of the rates to be charged, or any matters relative thereto, shall be determined by arbitration as follows:—

24. The Commissioner of Works shall act as arbitrator for the said City, the Township Engineer for the said Township, and in the event of their failure to agree, the said Commissioner and Engineer shall select an umpire who shall be a County Judge of the County of York, whose determination shall be final and binding on all parties. Should said Commissioner and Engineer fail to agree in the choice of a County Judge, such officer shall be chosen by a Judge of the High Court, upon application of either of the parties to this agreement.

25. This agreement shall be validated by legislation.

26. In witness whereof the parties hereto have caused their respective corporate seals to be hereto affixed, attested by the hands of their proper officers, the day and year first above written.

An Act respecting the City of Stratford

WHEREAS the Corporation of the City of Stratford has Preamble.
by its petition represented that during the years 1915 and 1916, certain debentures of the said corporation were sold at prices below par, whereby a deficit arose to the amount of \$28,000; and that the said corporation had in the year 1907 guaranteed the payment of certain debentures issued by the W. I. Kemp Company, Limited, for the sum of \$25,000 and interest, and that by reason of the default of the said company the said corporation had been compelled to pay under its guarantee the sum of \$9,000 over and above the amount realized from the sale of the property mortgaged by the said company to secure its said debentures; and that the said corporation to complete its sewage disposal plant, had expended a sum exceeding the amount estimated and provided by by-law by \$5,000; and whereas all of the said sums are outside the ordinary current expenditure of the corporation and it would be unduly burdensome to the ratepayers to require the said sums to be raised in one year in addition to the sums required for the ordinary expenditure of the corporation; and whereas the said corporation has prayed that an Act may be passed enabling the council of the corporation to pass a by-law or by-laws without obtaining the assent of the electors thereto authorizing the issue of debentures not exceeding in the aggregate the sum of \$42,000 and to be payable within twenty years from the issue thereof for the purpose of providing for the matters aforesaid; and whereas it is expedient to grant the prayer of the said petition;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. The Council of the Corporation of the City of Stratford may, without submitting the same to the vote of the electors, pass a by-law or by-laws to authorize the issue of debentures of the said corporation for an amount not exceeding \$42,000 for the following purposes, that is to say:— Power to borrow money for certain purposes without assent of electors.

Loss on sale of debentures in 1915 and 1916..	\$28,000
Loss on guarantee of debentures of the W. I. Kemp Company, Limited	9,000
Expenditure on Sewage Disposal Plant	5,000

the said debentures to be in sums of not less than \$100 each and the principal thereof to be payable within twenty years from the time of the issue of such debentures, and the rate of interest on said debentures not to exceed five and one-half per centum per annum, and to authorize the said corporation to raise and levy in each year during the currency of the said debentures by special rate on all the rateable property in the said municipality such sum or sums as may be necessary to provide for the due payment of the said principal and interest.

Purchase of
debentures
with sink-
ing fund.

2. The said corporation may purchase the said debentures or any of them out of any of its sinking funds not required for the retirement of debentures until after the maturity of the debentures so issued.

BILL

An Act respecting the City of Niagara Falls and the Township of Stamford.

WHEREAS the Corporation of the City of Niagara Falls Preamble.

and the Corporation of the Township of Stamford have by their petition represented that the said municipalities for the purpose of furthering their industrial progress have requested His Majesty the King, acting by and through the Minister of Railways and Canals for Canada to deepen the Welland River from the point where the said Welland River joins the Welland Ship Canal to a point at or near lot number 211 in the said township of Stamford to the end that the said Welland River may be safely and readily navigated by ships using the said Welland Ship Canal; and whereas that effect might be given to the said request of the said City of Niagara Falls and the said Township of Stamford, it has been represented that it would be necessary for the said Minister of Railways and Canals to cause to be constructed a dam and lock at or near lot number 211 in the said Township of Stamford instead of at or near the Village of Port Robinson as originally designed, that the water in the Welland River may be so deepened by thereby raising the present level of the water in the Welland River to the same level as the water in the said Welland Ship Canal; and whereas the raising of the present level of the water in the Welland River as proposed by the construction of said lock and dam at or near lot number 211 in the Township of Stamford will cause certain lands along and adjacent to the said Welland River between the two points mentioned and which lands are situate in the neighbouring townships of Thorold, Crowland and Willoughby, respectively, as well as in the said Township of Stamford, to be flooded with water and the said Minister of Railways and Canals has made it a condition precedent to the granting of the request of the municipalities of the City of Niagara Falls and the Township of Stamford that the said City of Niagara Falls and the said Township of Stamford should agree to indemnify and save harmless His Majesty from any and all claims,

damages, suits for damages and actions at law by reason of the flooding with water of any and all lands by reason of the construction of the said lock and dam at or near lot number 211 in the said Township of Stamford and that in view of the circumstances above mentioned the said Corporation of the City of Niagara Falls and the Township of Stamford have by their said petition prayed that they be granted power to acquire by gift or purchase or expropriation or otherwise the lands liable to be so flooded; and whereas the said corporations have by their said petition also prayed that a commission may be incorporated to stand possessed of said lands for and on behalf of the said corporations and to sell and convey such of the said lands as may not be required for any of the above purposes or may be desired for factory purposes; and whereas it is expedient to grant the prayer of the said petition as hereinafter set forth;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Establishment of Niagara Falls & Stamford Industrial Commission.

1.—(1) For the purposes hereinafter mentioned there shall be a commission of two persons, one of whom shall be the mayor for the time being of the City of Niagara Falls, the other of whom shall be the reeve for the time being of the Township of Stamford.

(2) The commission shall be a body corporate and politic under the name of “The Niagara Falls and Stamford Industrial Commission.”

Power to acquire or expropriate certain land.

2.—(1) The said commission shall have power to acquire by gift, purchase, expropriation or otherwise any or all or any part of the lands on both sides of the Welland River between the point where the said Welland River joins the Welland Ship Canal and a point opposite said lot number 211 in the said Township of Stamford, which may be actually flooded with water or rendered unfit for use by reason of the raising of the level of the water in the Welland River because of the construction of the said lock and dam as herein provided.

Application of Part XV of Rev. Stat. c. 192.

(2) For the purpose of carrying into effect the objects mentioned in subsection 1 of this section the commission shall have and may exercise the powers conferred upon the corporation of a local municipality by Part XV of *The Municipal Act*, and the provisions of said Part XV shall apply to the commission and the commission shall have and may exercise the powers thereby conferred upon a municipal corporation or the council thereof.

3.—(1) The said commission shall have power to acquire ^{Power to acquire other land} by gift, purchase or otherwise, but not by expropriation any other lands situate in the said City of Niagara Falls or Township of Stamford which may in the opinion of the commission be suitable for factory or industrial sites and may dispose of the same.

(2) Before exercising the power of purchase or sale ^{Consent of councils} conferred in subsection 1 of this section, it will be necessary for the commission to obtain the approval to such purchase or sale of the municipal councils of the City of Niagara Falls and the Township of Stamford, respectively.

4.—(1) All moneys required for the general purposes of ^{How money provided} the commission and all moneys required to pay the cost of acquiring any or all or any part of the lands herein referred to or of any matter or thing authorized by and undertaken under the authority of this Act shall be provided by the City of Niagara Falls and the Township of Stamford in the proportion of three-fifths by the City of Niagara Falls and two-fifths by the Township of Stamford.

(2) All moneys realized by the commission from the sale of lands or otherwise shall be for the benefit of the said municipalities in the same respective proportions.

5. The council of each of the said corporations may from ^{Borrowing power of councils} time to time pass a by-law or by-laws authorizing the borrowing of money on the credit of the corporation at large by the issue and sale of debentures to pay the moneys required by the commission to defray the cost of acquiring, or of paying compensation for any or all or any part of the lands herein referred to.

(a) The council may include in the loan the estimated cost of the issue and sale of the debentures and any discount allowed to the purchasers.

(b) The debentures may run for a term not exceeding 30 years from the time the same are issued.

(c) The provisions of *The Municipal Act* relating to by-laws creating debts shall apply to a by-law passed under the authority of this section, except that it shall not be necessary that the by-law be submitted to or receive the assent of the electors if it is passed by a vote of three-fifths of all the members of the council.

6. The council of each of the said corporations shall, save ^{Payment of certain money out of current revenue} as provided in section 4, pay the moneys required by the

commission which are not properly chargeable to the purchase of the said lands out of the current revenue of the corporation.

Payment
over of
money to
Commission.

7. The moneys required by the commission shall be provided and paid over to the commission from time to time on the application of the commission. The application may state the total sum required at the time of making such application and the portion thereof required from and payable by each of the said corporations. The application shall be in writing and sealed with the seal of the commission and signed by all the members thereof. A duplicate original of such application shall be delivered to the clerk of each corporation.

Sums re-
quired to be
debt due
from cor-
poration.

8. The sum stated in any such application when made, as payable by either of the said corporations, shall be a debt due by such corporation to the commission and may be recovered by the commission from such corporation by suit in any court of competent jurisdiction.

Power to
indemnify
Dominion
Govern-
ment from
claims for

9. The said corporations of the City of Niagara Falls and Township of Stamford are hereby empowered to enter into an agreement in writing with His Majesty the King, acting by and through the Minister of Railways and Canals for Canada, indemnifying His said Majesty from any and all claims, damages, suits for damages, actions at law and any other matter or thing by reason of the flooding with water of any and all lands by reason of the construction of a lock and dam in the Welland River at a location to be agreed upon by His Majesty and the said municipal corporations.

No. 6344. A BY-LAW

To provide for the issue of "City of Toronto General Consolidated Loan Debentures" to the amount of \$6,677,000, for the purpose of making additions to and extending the Water Works Pumping and Distribution Plan.

(Passed January 29th, 1913.)

Whereas, in the opinion of this Council, it is desirable to make additions to and extend the water works pumping and distribution plant, at an estimated cost of \$6,677,000, and by Report No. 25 of the Committee on Works, adopted in Council on the 18th day of November, 1912, it is recommended that a by-law for the cost of the same should be submitted to the duly qualified ratepayers;

And whereas the said works have been approved of by the Provincial Board of Health, and such approval has been certified under the hand of the Chairman and Secretary of the Board;

And whereas it is necessary to raise by way of loan on the credit of the city the sum of \$6,677,000 for the purpose of the said additions and extension to the pumping and distribution plant, and to provide for the discount, if any, and the expenses incidental to the negotiation and sale of the debentures to be issued thereunder;

And whereas by an Act passed by the Legislature of the Province of Ontario in the 52nd year of the reign of Her late Majesty Queen

Victoria, and chaptered seventy-four, entitled *An Act respecting the Consolidation of the Debenture Debt of the City of Toronto*, as amended by an Act passed in the 58th year of her said reign and chaptered eighty-nine, it is amongst other things enacted that the Corporation of the City of Toronto may pass by-laws for authorizing the issue of debentures of the said city to an amount not exceeding in the whole twelve and one-half per centum of the assessed value of the whole of the rateable property in the city up to the first one hundred millions thereof, and eight per cent. of the assessed value of said property beyond the said sum of one hundred millions, as established and shown from time to time by the last revised assessment rolls of the said city, said debentures to bear interest at a rate not exceeding four per cent. per annum;

And whereas the amount of the whole rateable property in the City of Toronto, according to the last revised assessment rolls of the said city, being those prepared for the year one thousand nine hundred and twelve, is \$343,598,145, exclusive of the property liable for school taxation only, and exempt from general taxation;

And whereas the general debenture debt of the city, as authorized and controlled by the said Act, and exclusive of local improvement debts and of the debt incurred for water works purposes, and for the cost of a plant to distribute electric power and for the cost of civic car lines, which, according to the said Act and the City of Toronto Act, 1909, and The Municipal Act, are not to be counted as part of the general debenture debt, only amounts to \$26,162,108, of which debt no part of the principal or interest is in arrear;

And whereas the sum of \$6,677,000 is the debt intended to be created by this by-law;

And whereas it will require the sum of \$267,080 to be raised annually for a period of thirty-five and one-half years, the currency of the debentures to be issued under and by virtue of this by-law, to pay the interest of the said debt, and the sum of \$108,800 to be raised annually during the same period for the forming of a sinking fund for the payment of the debt created by this by-law, according to the provisions of the above recited Act, making in all the sum of \$375,880 to be raised annually as aforesaid;

And whereas it is necessary that such annual sum of \$375,880 shall be raised and levied in each year during the said period of thirty-five and one-half years, by a special rate sufficient therefor on all the rateable property in the Municipality of the City of Toronto;

Therefore the Council of the Corporation of the City of Toronto enact as follows:—

I.

It shall be lawful for the mayor of the City of Toronto and the city treasurer to raise by way of loan, upon the security of the debentures hereinafter mentioned, from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of such debentures, a sum of money not exceeding in the whole the sum of \$6,677,000, and to cause the same to be paid into the hands of the said treasurer, for the purposes and with the objects above recited.

II.

It shall be lawful for the said mayor and treasurer to cause any number of debentures to be made for such sums of money as may be required for the purposes aforesaid, either in currency or sterling money, payable in gold coin, for not less than one hundred dollars currency, or twenty pounds sterling each, and not exceeding in the whole the said sum of \$6,677,000, and the said debentures shall be sealed with the seal of the said corporation, and be signed by the Mayor and the treasurer.

III.

The said debentures shall bear date the first day of January, 1913, and shall be made payable on the first day of July, 1948, either in currency or sterling in Canada, Great Britain, or elsewhere, and shall have attached to them coupons for the payment of interest.

IV.

The said debentures shall bear interest at the rate of four per cent. per annum from the date thereof, which interest shall be payable half-yearly, on the first days of the months of January and July in each year, at the place where the said debentures are made payable.

V.

During the currency of the debentures to be issued under the authority of this by-law, the sum of \$267,080 shall be raised annually for the payment of interest on said debentures, and the sum of \$108,800 shall be raised annually for the purpose of forming a sinking fund for the payment of the principal of the said loan of \$6,677,000, in thirty-five and one-half years, according to the provisions of the above recited Act, making in all the sum of \$375,880 to be raised annually as aforesaid, and a special rate in the dollar upon all the assessed value of all the rateable property in the city of Toronto over and above all other rates and taxes, and which special rate shall be sufficient to produce in each year the said sum of \$375,880, shall be annually levied and collected in each and every year during the currency of the said debentures.

VI.

The said mayor and treasurer may cause the said debentures, or a sufficient amount thereof, to be sold or hypothecated, or may authorize the said debentures, or any portion thereof, to be purchased or taken as and for a temporary or permanent investment of the sinking fund of the City of Toronto, and the proceeds thereof, after providing for the discount (if any) and the expenses of the negotiation and sale thereof, shall be applied for the purposes above specified and for no other purpose.

VII.

The debentures to be issued hereunder shall contain a provision in the following words: "This debenture or any interest therein shall not, after a certificate of ownership has been endorsed thereon by the treasurer of this municipal corporation, be transferable except by entry by the treasurer or his deputy in the Debenture Registry Book of the said corporation at the city of _____," or to the like effect.

VIII.

This by-law shall take effect on, from and after the passing thereof.

IX.

And it is further enacted by the said Council of the City of Toronto that the votes of the electors of the said City of Toronto will be taken on this by-law on Wednesday, the 1st day of January, one thousand nine hundred and thirteen, at the same hour, and the same polling places and by the same deputy returning officers as for the municipal elections on the said day.

X.

That Friday, the 27th day of December, 1912, at 11 o'clock in the forenoon, at the mayor's office in the City Hall, shall be the time and place for the appointment by the mayor of persons to attend at the various polling places, and at the final summing up of the votes by the clerk respectively on behalf of the persons interested in, and promoting or opposing the passing of this by-law respectively.

XI.

That the clerk of the said municipal corporation shall attend at the City Hall at the hour of 12 o'clock noon, on Friday, the 3rd day of January, 1913, to sum up the number of votes given for and against this by-law.

SCHEDULE "D."

No. 6601. A BY-LAW

To amend By-law 6344 respecting the issue of "City of Toronto General Consolidated Loan Debentures," to make additions to and extending the Water Works Pumping and Distribution Plant, by providing for an increase in the rate of interest from four to four and one-half per cent., and a corresponding increase in the amount to be raised annually.

(Passed July 21st, 1913.)

Whereas the Council of the Corporation of the City of Toronto, by By-law No. 6344, passed on the 29th day of January, 1913, and entitled "A By-law to provide for the issue of 'City of Toronto General Consolidated Loan Debentures' to the amount of \$6,677,000 for the purpose of making additions to and extending the Water Works Pumping and Distribution Plant" did, amongst other things, enact that it should be lawful for the mayor of the City of Toronto and the city treasurer to issue debentures to the amount of \$6,677,000, and that such debentures should bear interest at the rate of four per cent. per annum from the date thereof, and that during the currency of such debentures the sum of \$267,080 should be raised annually for the payment of the interest thereon;

And whereas no debentures made under the authority of said by-law have been sold or hypothecated by the said mayor and treasurer;

And whereas, owing to an advance in the rate of interest since the passing of said by-law, the debentures to be issued thereunder cannot be sold or disposed of, except at a discount involving a substantial reduction in the amount required to be provided;

And whereas by the *Municipal Act, 1913*, section 291, it is provided that where, owing to an advance in the rate of interest between the passing of a money by-law and the sale or other disposal of the debentures, they or any of them cannot be sold or disposed of, except at a discount involving a substantial reduction in the amount required to be provided, the council may, with the

approval of the Ontario Railway and Municipal Board, and without submitting the same to the electors, pass a by-law to amend the first-mentioned by-law, by providing for an increased rate of interest, and for a corresponding increase in the amount to be raised annually;

Therefore the Council of the Corporation of the City of Toronto enact as follows:—

I.

That the said By-law No. 6344 be amended so as to provide for an increase in the rate of interest on the debentures to be issued thereunder from four to four and one-half per cent. per annum, and for a corresponding increase in the amount to be raised annually.

II.

That, to make such provision, said By-law No. 6344 be amended by striking out the word "four" in section IV thereof and substituting in lieu thereof the words "four and one-half," and also by striking out the words or figures "\$267,080" and "\$375,880," wherever they occur in section V thereof, and substituting in lieu thereof the words or figures "\$300,465" and "\$409,265," respectively.

III.

This by-law shall take effect on receiving the approval of The Ontario Railway and Municipal Board.

No. 6344. A BY-LAW

To provide for the issue of "City of Toronto General Consolidated Loan Debentures" to the amount of \$6,677,000, for the purpose of making additions to and extending the Water Works Pumping and Distribution Plant.

(Passed January 29th, 1913.)

Whereas, in the opinion of this Council, it is desirable to make additions to and extend the water works pumping and distribution plant, at an estimated cost of \$6,677,000, and by Report No. 25 of the Committee on Works, adopted in Council on the 18th day of November, 1912, it is recommended that a by-law for the cost of the same should be submitted to the duly qualified ratepayers;

And whereas the said works have been approved of by the Provincial Board of Health, and such approval has been certified under the hand of the Chairman and Secretary of the Board;

And whereas it is necessary to raise by way of loan on the credit of the city the sum of \$6,677,000 for the purpose of the said additions and extension to the pumping and distribution plant, and to provide for the discount, if any, and the expenses incidental to the negotiation and sale of the debentures to be issued thereunder;

And whereas by an Act passed by the Legislature of the Province of Ontario in the 52nd year of the reign of Her late Majesty Queen

Victoria, and chaptered seventy-four, entitled *An Act respecting the Consolidation of the Debenture Debt of the City of Toronto*, as amended by an Act passed in the 58th year of her said reign and chaptered eighty-nine, it is amongst other things enacted that the Corporation of the City of Toronto may pass by-laws for authorizing the issue of debentures of the said city to an amount not exceeding in the whole twelve and one-half per centum of the assessed value of the whole of the rateable property in the city up to the first one hundred millions thereof, and eight per cent. of the assessed value of said property beyond the said sum of one hundred millions, as established and shown from time to time by the last revised assessment rolls of the said city, said debentures to bear interest at a rate not exceeding four per cent. per annum;

And whereas the amount of the whole rateable property in the City of Toronto, according to the last revised assessment rolls of the said city, being those prepared for the year one thousand nine hundred and twelve, is \$343,598,145, exclusive of the property liable for school taxation only, and exempt from general taxation;

And whereas the general debenture debt of the city, as authorized and controlled by the said Act, and exclusive of local improvement debts and of the debt incurred for water works purposes, and for the cost of a plant to distribute electric power and for the cost of civic car lines, which, according to the said Act and the City of Toronto Act, 1909, and The Municipal Act, are not to be counted as part of the general debenture debt, only amounts to \$26,162,108, of which debt no part of the principal or interest is in arrear;

And whereas the sum of \$6,677,000 is the debt intended to be created by this by-law;

And whereas it will require the sum of \$267,080 to be raised annually for a period of thirty-five and one-half years, the currency of the debentures to be issued under and by virtue of this by-law, to pay the interest of the said debt, and the sum of \$108,800 to be raised annually during the same period for the forming of a sinking fund for the payment of the debt created by this by-law, according to the provisions of the above recited Act, making in all the sum of \$375,880 to be raised annually as aforesaid;

And whereas it is necessary that such annual sum of \$375,880 shall be raised and levied in each year during the said period of thirty-five and one-half years, by a special rate sufficient therefor on all the rateable property in the Municipality of the City of Toronto;

Therefore the Council of the Corporation of the City of Toronto enact as follows:—

I.

It shall be lawful for the mayor of the City of Toronto and the city treasurer to raise by way of loan, upon the security of the debentures hereinafter mentioned, from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of such debentures, a sum of money not exceeding in the whole the sum of \$6,677,000, and to cause the same to be paid into the hands of the said treasurer, for the purposes and with the objects above recited.

II.

It shall be lawful for the said mayor and treasurer to cause any number of debentures to be made for such sums of money as may be required for the purposes aforesaid, either in currency or sterling money, payable in gold coin, for not less than one hundred dollars currency, or twenty pounds sterling each, and not exceeding in the whole the said sum of \$6,677,000, and the said debentures shall be sealed with the seal of the said corporation, and be signed by the Mayor and the treasurer.

13

III.

The said debentures shall bear date the first day of January, 1913, and shall be made payable on the first day of July, 1948, either in currency or sterling in Canada, Great Britain, or elsewhere, and shall have attached to them coupons for the payment of interest.

IV.

The said debentures shall bear interest at the rate of four per cent. per annum from the date thereof, which interest shall be payable half-yearly, on the first days of the months of January and July in each year, at the place where the said debentures are made payable.

V.

During the currency of the debentures to be issued under the authority of this by-law, the sum of \$267,080 shall be raised annually for the payment of interest on said debentures, and the sum of \$108,800 shall be raised annually for the purpose of forming a sinking fund for the payment of the principal of the said loan of \$6,677,000, in thirty-five and one-half years, according to the provisions of the above recited Act, making in all the sum of \$375,880 to be raised annually as aforesaid, and a special rate in the dollar upon all the assessed value of all the rateable property in the city of Toronto over and above all other rates and taxes, and which special rate shall be sufficient to produce in each year the said sum of \$375,880, shall be annually levied and collected in each and every year during the currency of the said debentures.

VI.

The said mayor and treasurer may cause the said debentures, or a sufficient amount thereof, to be sold or hypothecated, or may authorize the said debentures, or any portion thereof, to be purchased or taken as and for a temporary or permanent investment of the sinking fund of the City of Toronto, and the proceeds thereof, after providing for the discount (if any) and the expenses of the negotiation and sale thereof, shall be applied for the purposes above specified and for no other purpose.

VII.

The debentures to be issued hereunder shall contain a provision in the following words: "This debenture or any interest therein shall not, after a certificate of ownership has been endorsed thereon by the treasurer of this municipal corporation, be transferable except by entry by the treasurer or his deputy in the Debenture Registry Book of the said corporation at the city of _____," or to the like effect.

VIII.

This by-law shall take effect on, from and after the passing thereof.

IX.

And it is further enacted by the said Council of the City of Toronto that the votes of the electors of the said City of Toronto will be taken on this by-law on Wednesday, the 1st day of January, one thousand nine hundred and thirteen, at the same hour, and the same polling places and by the same deputy returning officers as for the municipal elections on the said day.

X.

That Friday, the 27th day of December, 1912, at 11 o'clock in the forenoon, at the mayor's office in the City Hall, shall be the time and place for the appointment by the mayor of persons to attend at the various polling places, and at the final summing up of the votes by the clerk respectively on behalf of the persons interested in, and promoting or opposing the passing of this by-law respectively.

XI.

That the clerk of the said municipal corporation shall attend at the City Hall at the hour of 12 o'clock noon, on Friday, the 3rd day of January, 1913, to sum up the number of votes given for and against this by-law.

W. A. LITTLEJOHN,
City Clerk.

SCHEDULE "D."

No. 6601. A BY-LAW

To amend By-law 6344 respecting the issue of "City of Toronto General Consolidated Loan Debentures," to make additions to and extending the Water Works Pumping and Distribution Plant, by providing for an increase in the rate of interest from four to four and one-half per cent., and a corresponding increase in the amount to be raised annually.

(Passed July 21st, 1913.)

Whereas the Council of the Corporation of the City of Toronto, by By-law No. 6344, passed on the 29th day of January, 1913, and entitled "A By-law to provide for the issue of 'City of Toronto General Consolidated Loan Debentures' to the amount of \$6,677,000 for the purpose of making additions to and extending the Water Works Pumping and Distribution Plant" did, amongst other things, enact that it should be lawful for the mayor of the City of Toronto and the city treasurer to issue debentures to the amount of \$6,677,000, and that such debentures should bear interest at the rate of four per cent. per annum from the date thereof, and that during the currency of such debentures the sum of \$267,080 should be raised annually for the payment of the interest thereon;

And whereas no debentures made under the authority of said by-law have been sold or hypothecated by the said mayor and treasurer;

And whereas, owing to an advance in the rate of interest since the passing of said by-law, the debentures to be issued thereunder cannot be sold or disposed of, except at a discount involving a substantial reduction in the amount required to be provided;

And whereas by *the Municipal Act, 1913*, section 291, it is provided that where, owing to an advance in the rate of interest between the passing of a money by-law and the sale or other disposal of the debentures, they or any of them cannot be sold or disposed of, except at a discount involving a substantial reduction in the amount required to be provided, the council may, with the

approval of the Ontario Railway and Municipal Board, and without submitting the same to the electors, pass a by-law to amend the first-mentioned by-law, by providing for an increased rate of interest, and for a corresponding increase in the amount to be raised annually;

Therefore the Council of the Corporation of the City of Toronto enact as follows:—

I.

That the said By-law No. 6344 be amended so as to provide for an increase in the rate of interest on the debentures to be issued thereunder from four to four and one-half per cent. per annum, and for a corresponding increase in the amount to be raised annually.

II.

That, to make such provision, said By-law No. 6344 be amended by striking out the word "four" in section IV thereof and substituting in lieu thereof the words "four and one-half," and also by striking out the words or figures "\$267,080" and "\$375,880," wherever they occur in section V thereof, and substituting in lieu thereof the words or figures "\$300,465" and "\$409,265," respectively.

III.

This by-law shall take effect on receiving the approval of The Ontario Railway and Municipal Board.

BILL

An Act respecting the City of Kingston.

WHEREAS the Corporation of the City of Kingston ^{Preamble.} has by petition represented that an Act of the Legislature of the Province of Ontario was passed in the Session held in the fifth year of the reign of His Majesty King Edward VII, chaptered 55, to validate By-law No. 17 (1905) of the Corporation of the City of Kingston, passed February 13th, 1905, being "A By-law to authorize the issue of debentures of the City of Kingston in two several issues to the amount of \$82,000 and \$100,000 respectively and to repeal By-law No. 12 (1904)," which amounts were to be used for the purchase of the works and plant of the Kingston Light, Heat and Power Company, said By-law No. 17 (1905), being set forth in Schedule "A" annexed to said Act; and whereas debentures to the amount of \$82,000 above mentioned have been issued and sold by said corporation under the terms of said by-law, which provided that said debentures should be payable within thirty years from the first day of May, 1905; and whereas by the terms of said By-law No. 17 (1905) it was provided that the debt of \$100,000 for which debentures are to be issued should be payable in annual instalments within thirty years from the first day of May, 1917, and should bear interest at the rate of four per cent. per annum; and whereas it is now desired that the said debentures for the debt of \$100,000 shall be made payable on the sinking fund plan and not in annual instalments as stated in said By-law No. 17 (1905); and whereas, owing to an advance in the rate of interest between the passing of said By-law No. 17 (1905) and the time provided therein for the sale or other disposal of the debentures to pay for the debt of \$100,000 they or any of them cannot be sold or disposed of, except at a discount involving a substantial reduction in the amount required to be provided to meet the said debt of \$100,000, and it is therefore necessary to pass a by-law to amend said By-law No. 17 (1905) by providing for an increased rate of interest, and for a corresponding increase in the amount to be raised

annually to pay the said debt and the interest to become due thereon; and whereas the council of the said corporation did, by By-law No. 8 (1917), a copy of which is set forth in Schedule "A" hereto, amend said By-law No. 17 (1905) for the purpose of increasing the rate of interest on said debentures from four per cent. to five per cent. per annum and for issuing the same on the sinking fund plan and not in annual instalments but subject to ratification by an Act of the Legislative Assembly of the Province of Ontario; and whereas the said corporation has by petition prayed for special legislation ratifying and confirming the said By-law No. 8 (1917) of said corporation forming Schedule "A" hereto; and whereas no objections have been made to such confirmation and ratification; and whereas it is expedient to grant the prayer of the said petition;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

By-law No.
8 of 1917
confirmed.

By-law No. 8 (1917) of the Corporation of the City of Kingston set forth in Schedule "A" hereto is hereby validated and confirmed.

SCHEDULE "A."

BY-LAW No. 8, 1917.

A by-law to amend By-law No. 17 (1905) of the Corporation of the City of Kingston, being "A By-law to authorize the issue of debentures of the City of Kingston in two several issues to the amount of \$82,000.00 and \$100,000.00 respectively, and to repeal By-law No. 12 (1904)." Passed, January 29th, 1917.

Be it enacted by the Council of the Corporation of the City of Kingston as follows:—

1. Sections 3, 4, and 5 of Part II. of said By-law No. 17 (1905) are hereby repealed and the following substituted therefor:

3. The said debt of \$100,000.00 shall be payable in thirty years from the first day of May, 1917, at the office of the Treasurer of the said City of Kingston in the said City.

4. The said debentures shall all be dated on the first day of May, 1917, shall be issued within two years after the passing of this by-law, and shall bear interest at the rate of five per cent. per annum from the first day of May, 1917, which interest shall be payable half-yearly on the first day of the months of May and November in each year at the office of the said Treasurer in the said City of Kingston, and the said debentures shall have interest coupons attached to them, which coupons shall be signed by the said Treasurer.

5. There shall be raised annually during the currency of the said debentures the sum of \$5,000 for the payment of the interest thereon, and the sum of \$1,784.00 to form a sinking fund for the payment of the said debt, the said sums making together the annual amount of \$6,784.00 to be raised, levied and collected in

each year during the period of 30 years by an annual special rate sufficient therefor to be levied on the whole rateable property in the said municipality.

This By-law shall come in force and take effect on its being ratified and confirmed by an Act of the Legislative Assembly of the Province of Ontario.

An Act detaching certain lands from the Police Village of Crystal Beach.

WHEREAS the owners, in fee simple, of all the property ^{Preamble.} in that part of the Police Village of Crystal Beach, in the Township of Bertie, in the County of Welland, lying west of the allowance for road between township lots numbers twenty-six and twenty-seven, in the broken front concession, Lake Erie, in the Township of Bertie (commonly known as the Schooley Road), have, by their petition, represented that the Police Village of Crystal Beach was established, pursuant to *The Municipal Act*, by By-law number 676 of the County of Welland, passed on December 7th, A.D. 1898; that the lands lying west of the Schooley Road in said village have a lake frontage of about four thousand feet, and consists of a row of lots along the lake front, having a depth of about three hundred feet; that the said police village has a lake frontage of about eight thousand five hundred feet and consists of a row of lots along the lake, except township lot number twenty-five, broken front concession, Lake Erie, which is all contained in said village. The main part of the said village consists of said township lot number twenty-five, and is largely owned, governed and controlled by the Lake Erie Excursion Company, who operate a line of steamships from the City of Buffalo to Crystal Beach, and carry on the business of a summer resort. That the part of the village lying west of the Schooley Road consists of private residences, the property of the petitioners, and has no connection whatever with the village proper, or summer resort. That the population of that part of the village lying west of the Schooley Road, which it is proposed to detach, as shown by the last revised assessment roll is seven. The assessment of the whole village for the year 1916 is \$350,450. The assessed value of that part of the village which it is proposed to detach is \$59,625. The said police village is not in debt to any amount whatever, and the revenue of the police village is applied almost entirely for that part of the

village consisting of the summer resort, and your petitioners, though they pay considerable amounts towards the expenses of said village, derive no benefit in the way of police protection, fire protection, water, light or otherwise. That there are no highways in or about that part of the said police village west of the Schooley Road, and the only access to that part of the village which it is proposed to detach, is either along the lake shore, or by means of the Erie Road extension, a macadam highway in the rear of the petitioners' property, but in the Township of Bertie, constructed as a local improvement by the Township of Bertie, upon the petition of the petitioners, at an expense of over \$20,000, which highway is being paid for by the petitioners, in addition to which the petitioners are assessed for the sidewalks and streets in the other part of the Police Village of Crystal Beach, which are constructed out of the general funds and not as local improvements; and whereas the petitioners have prayed that an Act may be passed for the purposes aforesaid; and whereas it is expedient to grant the prayer of the said petition;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Certain land detached from police village.

1. BILL

An Act to incorporate the Town of Mimico

WHEREAS the Corporation of the Village of Mimico ^{Preamble.} has by petition represented that the said village now contains a population of upwards of two thousand six hundred and sixty-five; that the population is rapidly increasing, and that the village is the centre of a prosperous manufacturing district; that a large number of the residents of the village and the Board of Trade have urged upon the council to apply to have the village erected into a town and the council deem it advisable in the interests of the inhabitants that the municipality should be so erected into a town, and that all proper provisions in that behalf be made. That the name of the town shall be the Corporation of the Town of Mimico and that all the provisions of *The Municipal Act* relating to towns shall apply to the Town of Mimico so to be incorporated, and that all the arrears of taxes due to the Corporation of the Village of Mimico for the years 1914 and 1915 not already collected by the County Treasurer of the County of York shall be collected by the municipal officers of the Corporation of the Town of Mimico, who for that purpose shall have all the powers for the collection of taxes conferred upon municipal officers by *The Assessment Act*; and whereas the said corporation has by its said petition further represented that an Act was passed in the sixth year of the reign of His Majesty King George the Fifth, chapter 80, intituled *An Act respecting the Village of Mimico and the Village of New Toronto*, providing for the construction of a sewerage system including certain trunk sewers therein mentioned, but by inadvertence certain trunk sewers on Pigeon Avenue and Stanley Avenue were not included therein along with the trunk sewers on Church Street and Superior Avenue; and whereas the said corporation has by its said petition further represented that the Village of Mimico requires a waterworks system and that the Provincial Board of Health had made a report in writing dated the 29th day of June, 1915, that the

board having inquired into, ascertained and considered the existing conditions in the Municipality of the Village of Mimico, is of the opinion that it is necessary in the interest of the public health that a waterworks system, water supply and certain specified water mains be established, and the petitioners have by their petition further represented that it is desirable that the said waterworks system should be constructed as a local improvement under the provisions of *The Local Improvement Act* and that a sum of eighty cents per foot frontage should be assessed upon the lands abutting directly on the work and shall be the owners' portion of the cost, and that the remainder of the cost thereof shall be the corporation's portion of the cost, and that the construction of the said waterworks has been proceeded with, but that doubts have arisen respecting the power of the council to construct the same as a local improvement and assess the cost thereof in the manner aforesaid; and whereas the said petitioners have further represented that the Town of Mimico to be incorporated will require an incinerator and that one incinerator of sufficient capacity would be sufficient for the Town of Mimico and the Corporation of the Village of New Toronto; and whereas the said petitioners have by their said petition prayed that an Act may be passed erecting the Village of Mimico into an incorporated town to be named The Corporation of the Town of Mimico, and making all proper provisions in that behalf relating to the affairs of the municipality; providing that the said corporation may jointly with the Village of New Toronto construct an incinerator for the use of both corporations upon such terms as may be agreed upon and bear and pay a part of the cost thereof or may enter into an agreement with the Village of New Toronto for the joint use of any incinerator owned by that corporation upon such terms as may be agreed upon and for these purposes may borrow money by the issue and sale of debentures; providing that the Corporation of the Village of Mimico or the Corporation of the Town of Mimico may construct its system of waterworks or any part or parts thereof as a local improvement under the provisions of *The Local Improvement Act* and that the sum of eighty cents per foot frontage shall be specially assessed upon the land on each side of the street abutting directly on the work and shall be the owners' portion of the cost, and the remainder of the cost of the work shall be the corporation's portion of the cost; that the report of the Provincial Board of Health respecting the construction of the said system of waterworks shall be sufficient authority to the council to undertake and construct the said system of waterworks or any part of the said system under *The Local Improvement Act*, without any petition or proceedings on the initiative of the council or

otherwise and without publishing any notice or passing any construction by-law; that all proceedings heretofore taken and all work heretofore executed and performed in or towards the construction of the said system of waterworks or any part or parts thereof be declared to have been lawfully undertaken and performed and that the same shall for all purposes be deemed to have been and to be part of the said system of waterworks and of the construction of the same; such amendments as aforesaid to be retrospective and take effect as of the 27th day of April, 1916; amending the statute 6 George V, chapter 80, passed 27th April, 1916, intituled *An Act respecting the Village of Mimico and the Village of New Toronto*, by including the trunk sewers on Pigeon Avenue and Stanley Avenue along with the trunk sewer on Church Street and Superior Avenue in the several provisions of the said Act relating thereto, and inserting the name of Pigeon Avenue and Stanley Avenue in the appropriate places in the said Act; and whereas it is expedient to grant the prayer of the said petition;

BILL

An Act to incorporate the Village of Port McNicoll.

WHEREAS the rate-payers residing in the unincorporated Village of Port McNicoll, in the Township of Tay, in the County of Simcoe, have, by petition, set forth that the unincorporated Village of Port McNicoll, is situated on parts of lots 14, 15, 16, 17, 18, 19 in the fifth and sixth concessions of the Township of Tay, that the said township is a very large and scattered township, consisting principally of farm lands, that the said Village of Port McNicoll is in every sense an urban district, and is generally known throughout the Province of Ontario as the Village of Port McNicoll and that the latter is the name of the post office, and the Canadian Pacific Railway has large rail and steamer terminals there, and the said village is an important port, Government works having been constructed there at an expense of \$500,000; that the Canadian Pacific Railway Company have constructed works there at an expense of \$10,000,000, that the population of the said village fluctuates between 800 and 2,000; that the assessed value of the property of the said village exceeds \$495,450, and there is great difficulty in equalizing the values of village and farm properties so as to impose upon each a fair share of taxation; that the said village contains residential, business and school buildings of considerable value and the village and its residents require fire protection, which it is impossible to provide so long as it remains a part of the Township of Tay; and it would greatly conduce to the benefit of the inhabitants and of the travelling public and would facilitate the construction of necessary works and permanent improvements and the enforcement of law and order if the said village were incorporated; and that owing to the fact that many of the ratepayers are non-residents it is impracticable to obtain the number of signatures required by *The Municipal Act* to a petition to the County Council for incorporation; and whereas the said ratepayers have prayed that an Act may be passed so incorporating the said village; and whereas it

Preamble

appears that the petition includes ninety-five per cent. of the adult residents of the said village and a large number of non-resident ratepayers thereof; and whereas it is expedient to grant the prayer of the said petition;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Incorporation.

1. On and after the passing of this Act the inhabitants of the said Village of Port McNicoll, comprised within the boundaries in the second section of this Act mentioned, shall be and they are hereby constituted a corporation or body politic separate and apart from the Township of Tay, in which the said village is now situated under the name of the "Corporation of the Village of Port McNicoll," and shall enjoy all such rights, powers and privileges as now are or shall hereafter be conferred upon incorporated villages in the Province of Ontario.

Boundaries.

2. 3. On the 16th day of April, 1917, it shall be lawful for Ira Harvey Perigoe, of the said Village of Port McNicoll, in the County of Simcoe, Esquire, who is hereby appointed returning officer, to hold a nomination for the first election of reeve and councillors at some prominent place in the said village, at the hour of noon, and he shall preside at such nomination, or in case of his absence, the electors present shall choose from among themselves a chairman to officiate, who shall have all the powers of the returning officer and the polling for the said election in the event of a poll being required shall be held on the same day of the week following the said nomination and at the same place, and the duties of the returning officer shall be those prescribed by law with respect to incorporated villages.

Village detached from township.

8. From and after passing this Act the said Village of Port McNicoll shall cease to form a part of the Township of Tay, and shall to all intents and purposes form a separate and independent municipality, with all the rights, privileges and jurisdiction of an incorporated village in Ontario.

Assessment.

9. At the said first meeting, or as soon after as may be, the said council may appoint an assessor who shall make a new assessment of all the assessable property in the said village except the Canadian Pacific Railway property and such assessment when made shall be the basis of taxation of lands in the said village for all purposes whatsoever for the year 1917, and shall refer back to the 1st day of January, 1917, and the collector of taxes of the said village shall collect and recover the taxes for the year 1917, and the said taxes, when so collected, shall belong to the corporation of the said village, and all liabilities of the district hereby incorporated from the 1st day of January, 1917, to the time of incorporation, and all expenditures by the corporation of the Township of Tay for or in respect of the said district from the 1st of January, 1917, up to the time of incorporation shall be paid and refunded by the said village to the treasurer of the Township of Tay.

An Act respecting the Town of Wallaceburg.

WHEREAS the Corporation of the Town of Wallaceburg ^{Preamble.} has, by its petition, prayed for special legislation in respect of the several matters hereinafter set forth; and whereas, under the provisions of chapter 103 of the Acts passed in the 4th year of the reign of His Majesty King George V, the said town was authorized and empowered to borrow the sum of \$200,000.00, wherewith to construct a waterworks and sewerage system for the said town and to validate By-law No. 357 of the said town, passed for that purpose; and whereas the said town thereupon proceeded to borrow and did borrow \$200,000.00 to construct said waterworks and sewerage system; and whereas the whole of the waterworks system of the said town has not been quite completed and the said town has expended for collecting sewers, main pumping stations, land legal expenses and printing on the north side of the River Sydenham in said town \$40,450.00, and on the south side of said river in said town \$16,000.00 but on the east side of said river no money has been expended in respect of the sewerage system; and whereas, of the funds realized from the sale of the debentures for said \$200,000.00. there is not left any more than will complete said waterworks; and whereas it is desirable that the cost of the sewers in the said town should be partially provided for by levying a uniform frontage rate as provided in the by-law of the said town, hereinafter referred to, and that the lands fronting on the streets along which sewers have already been constructed shall be assessed at the rate per foot provided by said by-law, although the work of constructing such sewers has already been performed and paid for out of said sum of \$200,000.00, and that the expenditure already made in respect of the construction of such sewers be applied on the payment of the debentures of said town for said \$200,000.00 as they mature; and whereas, in order to construct said sewers it will be necessary to borrow moneys from time to time upon the debentures of the said town; and whereas, owing to restrictions placed on the borrowing powers of the said Town of Wallace-

burg by an Act respecting the said town passed in the sixth year of the reign of His late Majesty Edward VII, chapter 101, it is necessary that said by-law No. 570 should be confirmed and validated and that the said town should be given power by legislation to borrow moneys from time to time to construct said sewers; and whereas By-law No. 570 hereinbefore referred to was duly passed by the Municipal Council of the said Town of Wallaceburg, and was submitted to and approved by the qualified electors of the said town; and whereas the said town, by its petition, has prayed that a special Act may be passed for those purposes, and it is expedient to grant the prayer of said petition;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

By-law

Frontage
rate on
lands front-
ing on
sewers
already
constructed.

3. It shall be lawful to assess the lands fronting on the streets of said town along which sewers have already been constructed at the same rates as are provided in said By-law No. 570 notwithstanding such sewers have been wholly constructed and paid for out of the moneys raised for the construction of waterworks and a sewerage system of said town.

(c) If the corner lot be triangular in shape, or otherwise so situated as to make a portion of the same unfit for building purposes, such allowance shall be made, having due regard to the situation, value and superficial area of said lot as compared with the adjoining lots or pieces of land as the engineer may deem just and equitable.

(d) The term "corner lot" shall be understood to mean the corner premises at the intersection of streets without reference to the lot as originally laid out.

6. *Collection.*

That the payments of the aforesaid frontage tax shall be placed in the collector's roll and collected with the other town taxes against said respective properties.

An Act respecting the Town of Petrolia.

WHILEAS the Municipal Corporation of the Town of Preamble.

Petrolia has, by its petition, represented that it has incurred a floating indebtedness of \$29,200, which indebtedness has accumulated through marked changes in conditions in the said municipality, which have occasioned increased expenditures and caused losses of revenue which increased the annual charges upon the municipality to an amount in excess of the annual levy from the assessed valuation of the municipality at the legal rate of twenty mills on the dollar, viz.: The excess expenditure upon debentures for the past five years, amounting to \$12,000; hospital grants, \$6,000; British Red Cross Fund, \$1,000; county rate, \$2,500; Fire Department equipment, \$2,000; money spent in getting new industries, \$1,000; extra repairs to waterworks, \$1,000.

The losses of revenue for the year 1916 being as follows:—

Loss from removal of license, \$1,000; loss from hotel property taxes, \$1,500; loss of revenue from waterworks, \$1,200; and whereas the debenture debt for said town, exclusive of local improvement debt, was \$232,960.74, of which no part of the principal is in arrear; and whereas the value of the rateable property of the said corporation for municipal purposes, according to the last revised assessment roll, is \$1,220,665, and the rate for municipal purposes for 1916 was twenty mills on the dollar; and whereas the payment forthwith of the said several sums, making together the sum of \$29,200, would, in addition to meeting the necessary annual expenditures of the corporation, be unduly burdensome and oppressive on the ratepayers of the said town; and whereas the debenture payments which fall due in the year 1917, and for several years thereafter, are unusually heavy and burdensome on the ratepayers, and the said corporation has prayed that authority be given to borrow \$30,000 to pay off said floating debt, and for authority to issue debentures

in each of the years 1917, 1918, 1919, 1920 and 1921, to an amount not exceeding in any of the said years the sum of \$5,000, or such lesser sum as may be found to be necessary for the purpose of equalizing the burden of the debenture payments which have to be met by the corporation in these years respectively; and whereas it is expedient to grant the prayer of the said petition;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Floating
debt con-
solidated at
\$30,000.

1. The floating debt of the corporation of the Town of Petrolia is consolidated at the sum of \$30,000, and the said corporation may borrow by special issue of debentures a sum not exceeding \$30,000 for the purpose of paying said floating debt.

bentures,
etc.

2. The said debentures shall be made payable in not more than twenty years, and shall bear interest at such rate as such council shall see fit, and may be issued with or without coupons attached thereto for interest, and shall be payable at such place or places as the corporation may deem expedient.

Equal
annual in-
stalments of
principal
and interest.

3. The said debentures shall be payable in equal annual instalments of principal and interest in such manner and of such amounts that the amount payable for principal and interest, in any year, shall be equal, as nearly as may be, to what is payable for principal and interest during each of the other years of the period within which the said debts are to be discharged.

Special rate.

4. The said corporation shall levy in each year during the period within which the said debt is payable, in addition to all other rates, a special rate sufficient to produce and pay the annual instalments of principal and interest falling due upon the said debentures.

Application
of proceeds
of debentures.

5. The debentures and all other moneys arising therefrom shall be applied in payment of said floating debt and no other purpose.

Special
issues of
debentures
in 1917 to
1921.

and shall be payable in the same instalments and be subject to the same terms as to interest and otherwise as are hereinbefore provided.

7. It shall not be necessary to obtain the assent of the rate-payers of the Town of Petrolia to the passage of any by-law which shall be passed under the authority of this Act or for the purpose of carrying out the same or to observe the formalities required by this Act or any amendment thereto. Assent of electors not required.

8. No irregularity in the form of the said debentures, or any of them, or of any by-law authorizing the issue thereof, shall render the same invalid or illegal or be allowed as a defence to any action brought against the said corporation for the recovery of the said debentures or interest, or any part thereof, and the purchaser or holder thereof shall not be bound to inquire as to the necessity of passing such by-law or of issuing debentures or as to the application of the proceeds thereof. Irregularity of form not to invalidate.

9. It shall be the duty of the treasurer, for the time being, of the said Town of Petrolia, to keep, and it shall be the duty of each of the members, from time to time, of the said municipal council to procure such treasurer to keep, and see that he does keep, a proper book of account, setting forth a full and particular statement, so that the same shall always show the number of debentures which, from time to time, shall be issued under the powers conferred by the preceding sections, and the respective amounts, payment of which is thereby secured, and the times at which the said debentures shall respectively become due and payable, and the several amounts which shall, from time to time, be realized from the sale or disposals of the said debentures, and the application which shall from time to time be made of the said amounts, and the said book of accounts and statement shall at all times, and at all reasonable hours, be open to the inspection of any of the holders, from time to time, of the debentures which shall be issued under the powers hereby conferred, or any of such debentures. BILL

An Act to confer certain Powers on the Trustees of the Estate of the late William Walter Brown.

WHEREAS William Godbee Brown and Charlotte E. Preamble.

Brown, trustees of the estate of William Walter Brown, late of the City of Ottawa, in the County of Carleton, gentleman, deceased, have, by their petition, represented that on the 3rd day of July, 1900, the said William Walter Brown made and published his last will and testament wherein he appointed one Rebecca Brown and the said William Godbee Brown to be his executrix and executor and trustees of and under his last will and testament; that on or about the 24th day of February, 1901, the said William Walter Brown departed this life without having altered or revoked his said will; and that on the 29th day of March, 1901, probate of the said will was duly granted by the Surrogate Court of the County of Carleton to the said Rebecca Brown and the said William Godbee Brown; and whereas, in and by the said will, the said William Walter Brown, after making certain pecuniary bequests, did devise and bequeath all the rest and residue of his estate of every nature and kind wheresoever situated unto his said executrix, executor and trustees and the survivor upon the trusts and for the purposes therein particularly set forth; and whereas, by indenture dated the 31st day of August, 1904, and made in pursuance of *The Trustee Act* and *The Act Respecting Short Forms of Conveyances* between the said Rebecca Brown, the party thereto of the first part, the said William Godbee Brown, the party thereto of the second part, and one Clifton Ashton Douglas, the party thereto of the third part, they the said Rebecca Brown and the said William Godbee Brown did appoint the said Clifton Ashton Douglas to be a trustee under the said will in the place of the said Rebecca Brown, to act jointly with the said William Godbee Brown, as such trustee, and the said Rebecca Brown did thereby grant and assign unto the said Clifton Ashton Douglas, his heirs and assigns, all the trust property, real and personal, and the said estate so as to vest the same

in the said Clifton Ashton Douglas jointly with the said William Godbee Brown, as such trustee; and whereas, on or about the 12th day of February, 1916, the said Clifton Ashton Douglas departed this life, and the said William Godbee Brown, the surviving trustee, did, under the terms of the said will, duly appoint Charlotte E. Brown a trustee in the place and stead of the said Clifton Ashton Douglas, deceased; and whereas the said trust property includes, among other property, those certain parcels or tracts of land and premises situate, lying and being in the City of Ottawa, in the County of Carleton and Province of Ontario, being composed of (1) That portion or part of Lot Letter "D" in Concession Letter "C," fronting on the Rideau River, in the Township of Nepean, in the County of Carleton (now within the limits of the City of Ottawa aforesaid), described as follows, that is to say: Commencing on the south side of the original allowance for road between Lots "C" and "D," in Concession "C" aforesaid (now called Laurier Avenue), at a point where it is intersected by the west side of the street laid out in continuation of O'Connor Street and known as Tylee or O'Connor Street; thence in a westerly direction along the south side of the said allowance for road between Lots "C" and "D" aforesaid two chains; thence in a southerly direction and on a course parallel to the said continuation of O'Connor Street ninety-six and one-half links more or less to the established boundary between the ordinance lands and the by-estate; thence along the said last mentioned boundary in an easterly direction two hundred and six links more or less to the west side of the said street so laid out in continuation of O'Connor Street; thence in a northerly direction along the west side of the street so laid out in continuation of O'Connor Street aforesaid one hundred and forty-four links more or less to the place of beginning, containing by admeasurement thirty-eight and one-half perches more or less; (2) Broken Lot Number One on the west side of Tylee or O'Connor Street, in the said City of Ottawa, as shown and laid down on the plan prepared by Messrs. Thistle & Baldwin, P.L.S., bearing date the 14th August, 1867, save and except that part of the said lot Number One heretofore sold by the said William Walter Brown to one William F. King, as particularly described in the deed thereof dated the 3rd March, 1884, and registered as Number 22013. (3) Lot Number Forty on the north side of Gloucester Street, in the said City of Ottawa, as shown on the plan prepared by the said Messrs. Thistle & Baldwin, save and except that part thereof heretofore conveyed by the said William Walter Brown to one Henry F. McCarthy, by deed bearing date 14th April, 1885, and registered as Number 23558, and except also that part of the said Lot Number Forty, reserved in

the conveyance from Messrs Tylee & Moberly to the said William Walter Brown of said Lot Number Forty, bearing date 5th day of July, 1873, subject however to any rights of way which may have been heretofore granted by the said William Walter Brown over the said Lots Numbers One and Forty. (4) Also Lot Number 23 on the south side of Sparks Street, numbering eastward towards the Rideau Canal according to a plan prepared by James D. Slater, surveyor, lodged in the Registry Office for the County of Carleton, on the 28th April, 1851, in the City of Ottawa, which last mentioned lot is subject to a mortgage of ten thousand dollars, made by the said William Walter Brown in his lifetime, and upon which lot there is erected a solid brick block three storeys in height, and containing four shops or stores; and whereas the parts of the land above described on Laurier Avenue, O'Connor Street and Gloucester Street were built upon many years ago and the buildings thereon are in a dilapidated condition, and other parts of the said lands are vacant, and it would be beneficial to the estate to improve or to re-build the existing buildings and to erect new buildings upon the vacant lands from which increased revenue could be derived, and the trustees and other persons beneficially interested have no money for the purpose of so improving, re-building or erecting buildings; and whereas the said trustees, and all the other persons beneficially interested in the said estate, desire and have consented that the trustees should be given power to borrow money for such purposes upon mortgage on the said lands and premises above described; and whereas it is expedient to grant the prayer of the said petition;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

3. Such power of borrowing and mortgaging shall not be construed as being exhausted by any exercise of such power, but the said power may be exercised from time to time upon any money so borrowed being paid off in full or in part, so that, however, at no time shall there be an outstanding indebtedness of the estate for money so borrowed upon mortgage of the said land to an extent greater than seventy thousand dollars.

Application
of money
borrowed.

4. The money to be borrowed as aforesaid shall be used (first) for the purpose of repaying the principal and interest due and payable upon the mortgage on Lot Number 23 on the south side of Sparks Street aforesaid, and the balance thereof shall be used for the purpose of improving or rebuilding existing buildings or erecting new buildings upon the said lands on Laurier Avenue, O'Connor Street and Gloucester Street above described, or for one or all of such purposes.

An Act respecting the City of St. Catharines.

WHEREAS the Corporation of the City of St. Catharines has, by its petition, represented that it is desirable to have the aldermen of the City of St. Catharines elected to hold office for a term of three years in lieu of a term of one year as heretofore, and asking that By-law Numbered 3056 of the corporation in that behalf be confirmed; and whereas the said corporation has, by its petition, also represented that it is desirable to obtain power to establish municipal coal yards and bakeries, and to purchase, manufacture, supply and sell coal, fuel, bread and other food products and household necessities; and whereas by its said petition the said corporation has also represented that it has incurred a floating indebtedness of \$12,000 in respect of its civic gas plant, and the said corporation has asked for authority to issue debentures of the corporation for the said sum of \$12,000; and whereas it is expedient to grant the prayer of the said petition;

By-law No. 3056 to elect aldermen for three years confirmed.

3.—(1) It shall and may be lawful for the said corporation, from time to time, without obtaining the assent of the electors, to pass a by-law or by-laws by a vote of two-thirds of the entire council to borrow such sums of money by the Power to borrow money to purchase and sell supplies of food and fuel.

issue and sale of debentures (not exceeding in the aggregate at any one time the sum of \$50,000) for such term of years, or by temporary borrowing for or terms of less than one year such sums of money (not exceeding in the aggregate at any one time the sum of \$25,000), as the council may determine, for the following purposes: —

SCHEDULE "A."

By-LAW No. 3056.

A By-law to extend the term of office for Aldermen of the City of St. Catharines.

Whereas heretofore the City of St. Catharines has been governed under the provisions of *The Municipal Act* by a municipal council composed of the mayor and nine aldermen, each of them being elected to hold their respective offices for the term of one year; and it is considered that the term of one year during which such aldermen hold office is too short and should be extended to promote better government and administration of civic affairs, and it is deemed desirable in the best interests of the municipality that the term of office for aldermen should be extended from one year to three years.

Therefore the Council of the Corporation of the City of St. Catharines enacts as follows:—

1. That for and after the year 1918 the Council of the City of St. Catharines shall be composed of a mayor and nine aldermen, to be elected as hereinafter provided.

2. That the said aldermen shall be elected by wards as follows:—

Three aldermen representing the Ward of St. Andrew;
Three aldermen representing the Ward of St. George;
Three aldermen representing the Ward of St. Patrick.

3. That at the election to be held on the first day of January, 1918, the aldermen elected who shall receive the highest number of votes in their respective wards shall hold office for the term of three years, and the aldermen elected who shall receive the next highest number of votes in their respective wards shall hold office for the term of two years, and the aldermen elected who shall receive the next highest number of votes in their respective wards shall hold office for the term of one year; but that thereafter every alderman elected shall hold office for the term of three years, one alderman being elected for such term in each of the said wards in every year.

4. That the mayor of the City of St. Catharines shall be elected in the same manner and at the same time as heretofore under the provisions of *The Municipal Act*.

5. That, subject as aforesaid and in so far as the provisions of the same are not inconsistent with this by-law the provisions of *The Municipal Act* and of any other Statutes and of the by-laws of this corporation now or hereafter passed respecting or in any way relating to the election or office of a member of the municipal council shall apply to and govern the election of the Council of the City of St. Catharines and the members thereof and the proceedings thereat.

6. This by-law shall only come into force and take effect upon the Royal Assent being made and given to an Act of the Legislative Assembly of the Province of Ontario validating and ratifying the same, and upon receiving the assent of a majority of the electors of the City of St. Catharines.

An Act to authorize the Public School Board of the Township of Pelee to use the McCormick School Trust Funds for certain purposes.

WHEREAS the Public School Board of the Township of Pelee, in the County of Essex, and the Municipal Corporation of the said Township of Pelee, by their petition represented that in and by virtue of the last will and testament of William McCormick, deceased, late of the said township, dated the 20th day of July, 1839, as interpreted by a judgment of the High Court of Justice, dated the 27th day of May, 1893, the Public School Board of the Township of Pelee became possessed of certain lands and premises in the Township of Pelee, in trust for school purposes on the island; and by an Act passed by the Legislative Assembly of the Province of Ontario, being 63 Victoria, chapter 84, the said public school board was empowered to sell and dispose of the said lands, and in accordance with the provisions of that statute the said public school board has since that time kept the funds invested from time to time and have applied the interest derived therefrom to school purposes; and that the said trust funds amount to the sum of \$2,617.31, the income from which after paying the cost of management is small; and that the lands of the ratepayers of the section are heavily burdened with charges and assessments to cover the cost of expensive systems of dykes, canals and pumping plants, by which the said island has been largely reclaimed; and that the public school board is in urgent need of funds for the erection of school houses and for other school purposes, and the cost thereof would be a serious further burden upon the ratepayers, which they are at the present time not well able to bear, and in consequence the public school system and service has suffered on the island; and that the ratepayers have by a largely signed petition presented to the said council, petitioned the council to apply for power to permit the use of the said trust funds in the construction of a school house and for other public school purposes by the public school board; and whereas it is expedient to grant the prayer of the said petition;

BILL

An Act to authorize the Public School Board of the Township of Pelee to use the McCormick School Trust Funds for certain purposes.

WHEREAS the Public School Board of the Township of Pelee, in the County of Essex, and the Municipal Corporation of the said Township of Pelee, by their petition represented that in and by virtue of the last will and testament of William McCormick, deceased, late of the said township, dated the 20th day of July, 1839, as interpreted by a judgment of the High Court of Justice, dated the 27th day of May, 1893, the Public School Board of the Township of Pelee became possessed of certain lands and premises in the Township of Pelee, in trust for school purposes on the island; and by an Act passed by the Legislative Assembly of the Province of Ontario, being 63 Victoria, chapter 84, the said public school board was empowered to sell and dispose and did sell and dispose of the said lands and was required to invest the moneys realized from their sale and to apply the interest for school purposes; that in accordance with the provisions of that statute the said public school board has since that time kept the funds invested from time to time and have applied the interest derived therefrom to school purposes; and that the said trust funds amount to the sum of \$2,617.31, the income from which after paying the cost of management is small; and that the lands of the ratepayers of the section are heavily burdened with charges and assessments to cover the cost of expensive systems of dykes, canals and pumping plants, by which the said island has been largely reclaimed; and that the public school board is in urgent need of funds for the erection of school houses and for other school purposes, and the cost thereof would be a serious further burden upon the ratepayers, which they are at the present time not well able to bear, and in consequence the public school system and service has suffered on the island; and that the ratepayers have by a largely signed petition presented to the said council, petitioned the council to apply for power to permit the use of the said trust funds in the

construction of a school house and for other public school purposes by the public school board ~~there~~ there being now no power to apply the capital of the fund for such purposes; ~~and~~ and whereas it is expedient to grant the prayer of the said petition:

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Public
School
Board
authorized
to use cer-
tain funds
for erecting
school
houses.

1. The Public School Board of the Township of Pelee is hereby authorized and empowered to make use of and expend the funds known as the McCormick School Trust Funds for the purpose of erecting, repairing, and maintaining school houses, and for other school purposes, on the Island of Pelee, freed and discharged from any special trust and in the same manner as if such funds were derived from the ordinary revenues of the public school section.

BILL

An Act respecting the Township of Pelee.

WHEREAS the Township of Pelee, in the County of Preamble. Essex, has by its petition represented that the Township of Pelee consists of the Island of Pelee, situate in Lake Erie, distant from the mainland about ten miles at its nearest point; that owing to the isolation of the said island and the dangers of navigation in communicating with the mainland during the greater part of the year, and the infrequent service even during the most favourable summer season, it is difficult for the residents of the island to obtain medical assistance, and in emergencies it is at all times impossible to quickly obtain medical assistance from the mainland, in consequence of which the health and lives of the inhabitants are endangered; and that the population of the said island is about eight hundred persons and no practitioner qualified to practice medicine within Ontario has ever permanently taken up his residence on the island and practiced his profession; and that the chief difficulty in inducing a physician to permanently locate and practice his profession upon the island is because of the fact that there is no convenient residence and office available and the residents of the island have had to be content with the occasional services of young, unmarried physicians who have located on the island and remained only for short periods of time; and that a very largely signed petition of the ratepayers of the island has been presented, asking the council of the township to erect a residence and office for the use of a physician and his family; and that in connection with the erection of such residence and office, other much needed offices could be added to the building at a comparatively small extra cost, for the use of a bank, customs and telephone system, the rental from which would materially lighten the burden of the cost of the whole construction; and whereas it is expedient to grant the prayer of the said petition;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Authority
to acquire
land and
erect
physician's
residence,
bank, cus-
toms office,
etc.

1. The Township of Pelée is hereby authorized and empowered to acquire by purchase, lease or otherwise, as the council may see fit, the necessary lands in the said township, and to erect thereon a building for the use of a physician as a residence and office, and to build in connection therewith such additions as may afford office room for a bank, customs, telephone system and other like offices, or for the public service of the residents of the island.

Limit of
expenditure.

2. The cost of the acquiring of the said land and of erecting the said building and additions shall not exceed in the aggregate the sum of ten thousand dollars.

Borrowing
powers.

3. For the purpose of defraying the cost of acquiring the said lands, and of erecting the said building and additions the council may borrow upon the credit of the municipality a sum sufficient therefor up to the sum of ten thousand dollars by the issue of debentures of the corporation in sums of not less than one hundred dollars each, payable within fifteen years from the date of such debentures, with interest at such rate and payable in such manner as the council may by by-law authorizing the said issue determine.

Lease of
residence.

4. Upon the completion of such building the council of the municipality may from time to time, as occasion may require, lease the same as a residence and office for a physician and his family, upon such terms and for such periods as the council may determine.

Lease of
additions.

5. In the event of the municipality providing other offices by the erection of additions to the said building as aforesaid, the council of the municipality may from time to time lease the same upon such terms, for such periods, and upon such conditions as the council may determine.

Maintenance
of buildings.

6. The council of the municipality shall maintain the said building and additions, and may from time to time make such alterations and additions thereto as may seem necessary, and may provide such services in connection with the said building as the council may deem fit, but the cost thereof shall be paid out of the revenues of the township, but this restriction shall not prevent the council of the township from levying a special rate for such purpose in any year when it is deemed expedient so to do.

Sale of
buildings.

7. When in the opinion of the municipality such building or its additions or either of them shall no longer be necessary to be retained by the said municipality, the council of the municipality may dispose thereof in such manner and upon such conditions as may be deemed proper.

An Act respecting the Estate of William John Moore, Deceased.

WHEREAS the Corporation of the County of Bruce, Preamble.
Thomas Dixon and William MacNairn Shaw, the executors of and trustees under the last will and testament of William John Moore, deceased, and The Children's Aid Society of the County of Bruce, have, by their petition, represented that William John Moore died on or about the 13th day of March, 1899, at the Township of Brant, having first made and published his last will and testament, probate of which was granted to the said Thomas Dixon and William MacNairn Shaw, whereby, after bequeathing certain specific legacies, he directed that the trustees should invest the balance of his estate, and out of the proceeds thereof pay his widow, Isabella Moore, an annuity of \$500.00 a year during her natural life, and upon the death of the said widow that the trustees should divide the remainder of his estate, paying one-half thereof to aid in the erection and endowment of a hospital at the Town of Walkerton for the sick and injured of the County of Bruce, and to pay the other half of such estate to aid The Children's Aid Society of the County of Bruce, and that should the trustees find that all the residue of the said estate was not required to remain invested to provide said annuity, that in their discretion they might divide the surplus not so required, and use one-half thereof in aid of The Children's Aid Society of the County of Bruce and the other half in aid of the establishment of such hospital; and whereas on the 31st day of January, 1902, the estate of said deceased, after paying all debts and liabilities, and the legacies bequeathed by said will, other than the said annuity, amounted to the sum of \$15,500; and whereas said Corporation of the County of Bruce, Thomas Dixon and William MacNairn Shaw as such executors and trustees, The Children's Aid Society of the County of Bruce, and the County of Bruce General Hospital Trust entered into an agreement, dated the said 31st day of January, 1902, whereby the Municipal

Council of the County of Bruce agreed, provided power was granted to it, to aid the said hospital by paying to the trustees of the said will the sum of \$250.00 per annum during the lifetime of the said widow, and the said trustees agreed, upon receiving said agreement and being empowered by the Act of the Legislature of Ontario so to do, to pay to the said the County of Bruce General Hospital Trust the sum of \$7,750 and all interest accrued thereon for the purpose of a public hospital; and whereas, by Act passed in the second year of the reign of His late Majesty, King Edward the Seventh, chapter 116, the said agreement was ratified and confirmed, and declared the same to be binding upon the parties thereto, their successors and assigns; and whereas the said Thomas Dixon and William MacNairn Shaw, as such executors and trustees, in pursuance of said agreement, paid over to the said County of Bruce General Hospital Trust, the said one-half of said estate and all interest accrued thereon, and have ever since retained the other half of the said estate and out of the income thereof have paid the remaining \$250.00 payable to the said Isabella Moore under the terms of the said will, and have retained the surplus derived from such investments, and the balance in their hands as such executors and trustees amounts to the sum of \$8,650 or thereabouts; and whereas the Corporation of the County of Bruce propose providing a shelter in the Town of Walkerton for neglected and homeless children under the control and management of the said The Children's Aid Society, and the costs of carrying on the work of the said The Children's Aid Society will thereby be greatly increased; and whereas by agreement, under seal, dated the 22nd day of February, 1917, made between the Corporation of the County of Bruce of the first part, the said Thomas Dixon and William MacNairn Shaw as such executors and trustees of the second part, and the said The Children's Aid Society of the County of Bruce of the third part, the Corporation of the County of Bruce have agreed to pay the further sum of \$250.00 a year now payable to the said Isabella Moore to her, during the remainder of her natural life, and the said Thomas Dixon and William MacNairn Shaw, as such executors and trustees, have agreed, upon the said agreement being ratified by this Act, to pay over the remainder of the estate of the said William John Moore, deceased, in their hands, to the said The Children's Aid Society of the County of Bruce; and whereas it is expedient to grant the prayer of the said petition;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

1. The agreement entered into between the Corporation of the County of Bruce, Thomas Dixon and William MacNairn Shaw, and The Children's Aid Society of the County of Bruce, dated the 22nd day of February, 1917, and set forth as Schedule "A" to this Act, is ratified and confirmed and declared to be binding upon the parties thereto, their successors and assigns.

3. The said the Corporation of the County of Bruce is hereby empowered, out of the general funds of the County of Bruce, to pay to Isabella McKillop, formerly Isabella Moore, the widow of the said William John Moore, deceased, in addition to the annual sum of \$250.00 payable under the said agreement of the 31st day of January, 1902, the sum of \$250.00 each year during the remainder of the natural life of the said Isabella McKillop.

Payment
by county

of \$250 to

SCHEDULE "A."

This Agreement made the twenty-second day of February, in the year of our Lord, one thousand nine hundred and seventeen,

Between

The Corporation of the County of Bruce, in the Province of Ontario, of the first part;

Thomas Dixon and William MacNairn Shaw, both of the Town of Walkerton, in the County of Bruce, the executors of and trustees under the last will and testament of William John Moore, deceased, of the second part;

and

The Children's Aid Society of the County of Bruce, of the third part.

Whereas the said late William John Moore died on or about the thirteenth day of March, in the year of our Lord 1899, at the Township of Brant in the said County, having first made and published his last will and testament bearing date the 24th day of February, A.D. 1899, probate of which will was granted by the Surrogate Court of the said County of Bruce to the said parties of the second part on the 15th day of May, A.D. 1899;

And whereas by said will the said William John Moore devised and bequeathed all his real and personal estate, with the exception of his household furniture, beds, bedding, books, pictures, cooking utensils, etc., to the said parties of the second part in trust to sell all his real estate and all his goods, chattels, and effects (with the exception aforesaid), and realize the same into money and collect all outstanding securities, and apply the proceeds thereof in the manner provided in said will;

And whereas that after payment of certain legacies the said will directed the said parties of the second part to invest by mortgage on farm security or in any other way said parties of the second part might see fit at the best rate of interest they could obtain the balance of the moneys so realized therefrom and out of the principal, if insufficient moneys obtained from interest, to pay to said Isabella Moore an annuity of \$500.00 a year over and above the legacy to her of \$2,000.00, provided, however, that said Isabella Moore should not be entitled to anticipate said annuity or receive the value of said annuity in lieu thereof;

And whereas said will further provided that after the payment of legacies set forth in said will and said annuity to said Isabella Moore and after her decease the balance of his estate after paying all legal and proper expenses of carrying out the provision of said will and the care and management of his estate by said parties of the second part should be applied as follows, that is to say: That one-half of said balance should be used and employed by said parties of the second part in aid of the erection and endowment of a hospital at the Town of Walkerton for the sick and injured of the County of Bruce, provided sufficient funds, in the opinion of the said parties of the second part are otherwise raised with the addition thereto of the moneys devised under said will, to purchase land (if required to be purchased) and to erect thereon a suitable building and furniture for said hospital and the other half to be used by said parties of the second part to aid The Children's Aid Society of the County of Bruce, established for the maintenance, clothing and education of poor and neglected children;

And whereas also it was provided by such will that should said parties of the second part find that in their opinion all of the said balance of said estate should not be required to remain invested to provide out of the interest arising therefrom, the said annuity to said Isabella Moore, said parties of the second part were by said will granted the discretion to divide in equal parts as soon as they should see fit such sum not so required and use the one-half thereof in aid of the said The Children's Aid Society of the County of Bruce and the other half in aid of the establishment of such hospital, provided that within five years from the decease of the said late William John Moore said parties of the second part were of the opinion that sufficient funds for the erection and establishment of said hospital have been otherwise provided to justify in applying said half of said surplus funds in that way, but if not satisfied that sufficient funds have been otherwise raised, then at the end of said five years, they might apply such half intended for said hospital in aid of The Children's Aid Society of the County of Bruce;

And whereas said will provided that the provision contained therein on behalf of the wife of the said late William John Moore should be in lieu of all dower or other rights or claims on his estate;

And whereas the said Isabella Moore elected to accept the provision made for her in said will in lieu of dower;

And whereas after the payment of all the legacies provided for in the said will, other than the said annuity, on the 31st day of January, 1902, there remained in the hands of the said parties of the second part the sum of \$15,550.00 or thereabouts, and by agreement bearing that date, entered into between the parties hereto respec-

tively and the County of Bruce General Hospital Trust of the fourth part, it was agreed that one-half of the said sum of \$15,550.00 should be paid over to the said County of Bruce General Hospital Trust by the said executors, and the Corporation of the County of Bruce covenanted with the said executors that they would pay said Isabella Moore the sum of \$250.00 each and every year, being one-half of the annuity bequeathed to her by the said will, during the remainder of her natural life, which agreement was ratified and confirmed by an Act of the Legislature of the Province of Ontario passed in the second year of His late Majesty, King Edward the Seventh, chapter 116, and thereupon one-half of the moneys then in the hands of the said trustees were paid over to the said County of Bruce General Hospital Trust;

And whereas the said parties of the first part propose to provide a shelter in the Town of Walkerton for neglected and homeless children under the control and management of the parties of the third part, and the cost of carrying on the work of the parties of the third part will thereby be greatly increased, and the parties of the first part have agreed to pay the remaining sum of \$250.00 a year to the said Isabella Moore during the remainder of her natural life, and the parties of the second part, in consideration thereof, have agreed to hand over to the parties of the third part the residue of the moneys and securities for money now in their hands, which, with accumulated interest, amounts to the sum of \$8,650.00 or thereabouts:

Now it is hereby agreed by and between the parties hereto as follows:—

The parties of the first part hereby agree with the other parties to this agreement to pay out of the general funds of the County of Bruce, in addition to the annual sum of \$250.00 payable under the agreement of the 31st day of January, 1902, the sum of \$250.00 each year to the said Isabella Moore during the remainder of her natural life, the first payment to be made on the 13th day of March, A.D. 1917.

The parties of the first and third parts will at once apply to the local Legislature of the Province of Ontario to have this agreement ratified and confirmed so as to legally bind the parties hereto, the costs and expenses of obtaining said confirmation to be borne by the parties of the third part.

So soon as this agreement is ratified and confirmed by the Legislative Assembly, the parties of the second part covenant and agree that they will pay and hand over to the parties of the third part all moneys in their hands as such executors and trustees and to transfer and assign to the parties of the third part or such trustees for them as their board of management may designate, all securities held by the parties of the second part as executors and trustees as aforesaid.

It is further mutually agreed by and between all said parties hereto that the Act of the Legislature ratifying and confirming this agreement shall provide that said parties of the second part by complying with the terms of this agreement shall not be judged guilty of any non-application or misapplication of the moneys of said estate.

And it is further agreed by and between the parties thereto that until this agreement is ratified and confirmed by the Legislative Assembly of Ontario it shall not be binding on any of the parties hereto.

In witness whereof the parties of the first part have caused these presents to be signed and sealed by the warden and clerk, the parties of the second part hereunto attached their hands and seals, and the parties of the third part have caused these presents to be signed and sealed by their president and secretary.

Whereas the said late William John Moore died on or about the thirteenth day of March, in the year of our Lord 1899, at the Township of Brant in the said County, having first made and published his last will and testament bearing date the 24th day of February, A.D. 1899, probate of which will was granted by the Surrogate Court of the said County of Bruce to the said parties of the second part on the 15th day of May, A.D. 1899;

And whereas by said will the said William John Moore devised and bequeathed all his real and personal estate, with the exception of his household furniture, beds, bedding, books, pictures, cooking utensils, etc., to the said parties of the second part in trust to sell all his real estate and all his goods, chattels, and effects (with the exception aforesaid), and realize the same into money and collect all outstanding securities, and apply the proceeds thereof in the manner provided in said will;

And whereas that after payment of certain legacies the said will directed the said parties of the second part to invest by mortgage on farm security or in any other way said parties of the second part might see fit at the best rate of interest they could obtain the balance of the moneys so realized therefrom and out of the principal, if insufficient moneys obtained from interest, to pay to said Isabella Moore an annuity of \$500.00 a year over and above the legacy to her of \$2,000.00, provided, however, that said Isabella Moore should not be entitled to anticipate said annuity or receive the value of said annuity in lieu thereof;

And whereas said will further provided that after the payment of legacies set forth in said will and said annuity to said Isabella Moore and after her decease the balance of his estate after paying all legal and proper expenses of carrying out the provision of said will and the care and management of his estate by said parties of the second part should be applied as follows, that is to say: That one-half of said balance should be used and employed by said parties of the second part in aid of the erection and endowment of a hospital at the Town of Walkerton for the sick and injured of the County of Bruce, provided sufficient funds, in the opinion of the said parties of the second part are otherwise raised with the addition thereto of the moneys devised under said will, to purchase land (if required to be purchased) and to erect thereon a suitable building and furniture for said hospital and the other half to be used by said parties of the second part to aid The Children's Aid Society of the County of Bruce, established for the maintenance, clothing and education of poor and neglected children;

And whereas also it was provided by such will that should said parties of the second part find that in their opinion all of the said balance of said estate should not be required to remain invested to provide out of the interest arising therefrom, the said annuity to said Isabella Moore, said parties of the second part were by said will granted the discretion to divide in equal parts as soon as they should see fit such sum not so required and use the one-half thereof in aid of the said The Children's Aid Society of the County of Bruce and the other half in aid of the establishment of such hospital, provided that within five years from the decease of the said late William John Moore said parties of the second part were of the opinion that sufficient funds for the erection and establishment of said hospital have been otherwise provided to justify in applying said half of said surplus funds in that way, but if not satisfied that sufficient funds have been otherwise raised, then at the end of said five years, they might apply such half intended for said hospital in aid of The Children's Aid Society of the County of Bruce;

And whereas said will provided that the provision contained therein on behalf of the wife of the said late William John Moore should be in lieu of all dower or other rights or claims on his estate;

And whereas the said Isabella Moore elected to accept the provision made for her in said will in lieu of dower;

And whereas after the payment of all the legacies provided for in the said will, other than the said annuity, on the 31st day of January, 1902, there remained in the hands of the said parties of the second part the sum of \$15,550.00 or thereabouts, and by agreement bearing that date, entered into between the parties hereto respec-

tively and the County of Bruce General Hospital Trust of the fourth part, it was agreed that one-half of the said sum of \$15,550.00 should be paid over to the said County of Bruce General Hospital Trust by the said executors, and the Corporation of the County of Bruce covenanted with the said executors that they would pay said Isabella Moore the sum of \$250.00 each and every year, being one-half of the annuity bequeathed to her by the said will, during the remainder of her natural life, which agreement was ratified and confirmed by an Act of the Legislature of the Province of Ontario passed in the second year of His late Majesty, King Edward the Seventh, chapter 116, and thereupon one-half of the moneys then in the hands of the said trustees were paid over to the said County of Bruce General Hospital Trust;

And whereas the said parties of the first part propose to provide a shelter in the Town of Walkerton for neglected and homeless children under the control and management of the parties of the third part, and the cost of carrying on the work of the parties of the third part will thereby be greatly increased, and the parties of the first part have agreed to pay the remaining sum of \$250.00 a year to the said Isabella Moore during the remainder of her natural life, and the parties of the second part, in consideration thereof, have agreed to hand over to the parties of the third part the residue of the moneys and securities for money now in their hands, which, with accumulated interest, amounts to the sum of \$8,650.00 or thereabouts;

Now it is hereby agreed by and between the parties hereto as follows:—

The parties of the first part hereby agree with the other parties to this agreement to pay out of the general funds of the County of Bruce, in addition to the annual sum of \$250.00 payable under the agreement of the 31st day of January, 1902, the sum of \$250.00 each year to the said Isabella Moore during the remainder of her natural life, the first payment to be made on the 13th day of March, A.D. 1917.

The parties of the first and third parts will at once apply to the local Legislature of the Province of Ontario to have this agreement ratified and confirmed so as to legally bind the parties hereto, the costs and expenses of obtaining said confirmation to be borne by the parties of the third part.

So soon as this agreement is ratified and confirmed by the Legislative Assembly, the parties of the second part covenant and agree that they will pay and hand over to the parties of the third part all moneys in their hands as such executors and trustees and to transfer and assign to the parties of the third part or such trustees for them as their board of management may designate, all securities held by the parties of the second part as executors and trustees as aforesaid.

It is further mutually agreed by and between all said parties hereto that the Act of the Legislature ratifying and confirming this agreement shall provide that said parties of the second part by complying with the terms of this agreement shall not be judged guilty of any non-application of misapplication of the moneys of said estate.

And it is further agreed by and between the parties thereto that until this agreement is ratified and confirmed by the Legislative Assembly of Ontario it shall not be binding on any of the parties hereto.

In witness whereof the parties of the first part have caused these presents to be signed and sealed by the warden and clerk, the parties of the second part hereunto attached their hands and seals, and the parties of the third part have caused these presents to be signed and sealed by their president and secretary.

BILL

An Act respecting The Order of Canadian Home Circles.

WHEREAS The Order of Canadian Home Circles, a Preamble.
friendly society carrying on business under *The Ontario Insurance Act*, has by its petition set forth that in March 1915, at its annual session, it decided, by amendment to its constitution duly passed, to distribute \$200,000 then in its reserve fund; that thereafter an amendment to *The Ontario Insurance Act* was introduced and passed as 5 George V, chapter 30; that when the Bill for such purpose came before the Legislative Assembly in the year 1915, it was referred to a select committee, which recommended that the Order give to the Registrar of Friendly Societies an undertaking in form satisfactory to him to carry out in good faith a certain resolution adopted by the committee; that thereafter the said Order gave to the registrar an undertaking in proper form; that pursuant to the resolution of the committee, the registrar in performance of the duty cast upon him gave a direction in writing to the Order as to the manner and method according to which the said sum of \$200,000 was to be divided; that in such direction the registrar did not purport to deal with the interest on the said fund of \$200,000 or the balance of it remaining from time to time undistributed, because a use for the same had theretofore been provided in the amendment of the constitution of the Order which had been duly approved by the registrar under the provisions of section 184 of *The Ontario Insurance Act*; that the said Order has carried out in good faith everything required to be done by it under the resolution of the said select committee, and of the direction of the registrar, and has distributed or issued paid-up insurance certificates for the fund of \$200,000 amongst upwards of ten thousand persons entitled thereto, but notwithstanding this that it has been determined in an action brought by one Rushbrook in the Supreme Court of Ontario that the Order must pay and distribute the said fund in cash and not in paid-up insurance, and must pay the interest of the said fund to some of the persons sharing therein,

instead of using same for the organization and general expenses of the Order; and whereas the said petitioner has prayed that an Act may be passed to sanction, ratify and confirm the said direction and scheme of distribution made by the Registrar of Friendly Societies and all acts and things done thereunder by the petitioner, and that it therein be declared that the discretion exercised by the said registrar was rightfully exercised and is not subject to review or appeal, and to entitle the petitioner to follow the direction of the said registrar, and to entitle the petitioner to use for its organization and general expenses the interest upon the said fund of \$200,000 or upon any balance thereof which from time to time remains, until the whole fund shall have been fully paid out, notwithstanding any order or judgment of any court to the contrary; and whereas it is expedient to grant the prayer of the said petitioner;

Therefore His Majesty, by and with the advice and consent of the Legislative Assembly of the Province of Ontario, enacts as follows:—

Distribu-
tion of
reserve
fund of
\$200,000.

1. The Registrar of Friendly Societies having exercised his discretion as to the manner and method in which the sum of \$200,000 of the reserve fund of the Order of Canadian Home Circles was to be distributed as set out in his direction, a copy of which is set out as Schedule "A" hereto, the same is hereby declared to be final, conclusive and binding upon all persons who are or have been members of the said Order of Canadian Home Circles and that the discretion of the said registrar as exercised is and was not subject to review or to appeal.

Confirma-
tion of
acts done by
society.

2. Notwithstanding any order or judgment to the contrary by any court, all acts and things accurately done by the Order of Canadian Home Circles in pursuance of the said direction or in pursuance of the amendments to the constitution of the said Order of Canadian Home Circles, passed at its annual session, held in March, 1915, and assented to by the Registrar of Friendly Societies on the 29th day of April, 1915, be and the same are hereby sanctioned, ratified and confirmed and are binding upon all persons who were or are members of the said Order of Canadian Home Circles, and are hereby declared to be valid and effective.

Use of
interest
derived
from invest-
ment of
reserve fund

3. The use by the managing committee of the said Order of Canadian Home Circles of the interest accrued on the said fund of \$200,000 since the first day of May, 1914, for organization and general expenses of the said Order is hereby declared to have been legal, valid and proper, and the managing committee of the said Order is hereby authorized to

use any balance of said interest now accrued and any interest hereafter to accrue upon any balance of the said fund from time to time remaining unpaid until the whole fund of \$200,000 shall have been fully paid out, for organization and general expenses of the Order or for such other purpose as the Order may hereafter determine by amendment to its constitution.

SCHEDULE "A"

In the matter of the Order of Canadian Home Circles and the distribution of \$200,000 out of the Reserve Fund of the said Order in accordance with the report of the Select Committee of the Legislature of Bill number 121, dated March 31st, 1915:

This is to certify that I have approved of the following plan of distribution of the sum of Two Hundred Thousand Dollars out of the Reserve Fund of the Order of Canadian Home Circles pursuant to the said Report and direct that the same be carried into effect, namely:

(3) That the remaining sum of \$149,646.16 shall be apportioned among those entitled under Section 3 of the Select Committee's report, in such a manner that the amount apportioned to each member shall bear to \$149,646.16 the same ratio which the amount contributed to the Beneficiary Fund by such member between September, 1892, and March 1905, bears to the amount contributed to the Beneficiary Fund during said period by all the members entitled to share in the apportionment. The Supreme Secretary of the Order, having certified that \$149,646.16 (the amount to be distributed) is 11.04 per cent. of the amount contributed to the Beneficiary Fund between September, 1892, and March, 1905, by all the members entitled to participate in the apportionment, I direct that each person shall receive 10.8 per cent. of the amount contributed by him to the Beneficiary Fund during the said period and that the remainder of such apportionment shall be applied to the payment of the expenses occasioned by the distribution of the said Fund.

(4) The Order shall issue to each member who was in good standing on May 1st, 1914, a fully paid up certificate in the form attached hereto for the amount apportioned to him, and such certificate shall make the apportioned amount payable at his death or upon his reaching the Life Expectancy age fixed in the original certificate issued to him (whichever event first happens) with the option to such member of receiving in cash, on or after January 1st, 1917, the present worth of such certificate discounted at 5 per cent. per annum.

(5) Persons who were entitled to participate in the apportionment and who had not paid assessments and dues up to May 1st, 1914, shall have the option of paying in cash all dues fixed at 20 cents per month and all assessments left unpaid by him prior to May 1st, 1914, and receiving a paid-up certificate for the full amount apportioned to him, or he may have such arrears deducted from the present worth of the amount apportioned to him discounted at 5 per cent. per annum and receive the balance in cash.

(6) All members who have reached their original Life Expectancy age prior to the issue of such fully paid-up certificates, shall be paid in cash the amount due them.

(7) Totally disabled members shall be entitled to share in the apportionment the same as if they had not received Total Disability benefits.

(8) Those who have received Life Expectancy benefits shall be entitled to share in the apportionment the same as if they had not received benefits.

BILL

An Act to Provide for a Provincial Highway System.

WHEREAS it is expedient that a highway or system of Preamble.
highways should be established from the southwestern
boundary of Ontario to the boundary line between Ontario
and Quebec, together with highways connecting centres of
population, or other important terminal points, and that the
same should be constructed in such a manner and of such
material as may be best suited for the traffic thereon; and
whereas the traffic upon such highway or systems of highways
is or will be of general benefit to the inhabitants of Ontario,
and it would be unjust and unfair that the cost of providing
for such traffic should be borne wholly by the municipalities
through which the same would pass; and whereas it is desir-
able that the said work should be under the direction and con-
trol of the Minister and the Department of Public Highways;

Therefore His Majesty, by and with the advice and con-
sent of the Legislative Assembly of the Province of Ontario,
enacts as follows:—

1. This Act may be cited as *The Provincial Highway Act*. Short title.

2. In this Act:—

Interpreta-
tion.

(a) "Department" shall mean Department of Public "Depart-
ment."
Highways;

(b) "Highway" shall mean a common or public high- "Highway."
way, and shall include a street, or bridge forming
part of a highway, or on, over, under or across
which a highway passes, or any other structure
thereon;

(c) "Maintenance" or "repair" shall include the "Mainten-
ance."
cleaning of any highway or the removal of snow. "Repair."

"Minister." (d) "Minister" shall mean Minister of Public Works and Highways;

"Roadway." (e) "Roadway" shall mean and include the paved, metalled or travelled portion of the highway, together with any ditches, drainage or other construction incidental thereto.

Highways may be assumed by the Province. **3.**—(1) The Lieutenant-Governor in Council, upon recommendation of the Minister, may designate any highway or a system of public highways throughout Ontario to be acquired, constructed, assumed, repaired, re-located, deviated, widened and maintained by the Minister for Ontario as a Provincial Highway.

To be Provincial Highways. (2) Every highway constructed, designated and assumed in accordance with this section shall be known as a "Provincial Highway."

Vested in His Majesty. **4.** Every Provincial Highway and all property acquired by Ontario under this Act shall be vested in His Majesty and shall be under the control of the Department.

Procedure for acquiring a highway. **5.**—(1) Subject to the provisions of section 9, when the Minister desires to acquire any existing highway under the authority of this Act, either temporarily or permanently, he shall deposit in the proper registry office a plan and description of the highway, signed by himself, or by the Deputy Minister, or by an Ontario Land Surveyor, and such highway shall thereafter become and be vested in the Crown as from such date as the Minister may determine, by notice in *The Ontario Gazette*, and the Department shall give notice in writing thereof to each of the municipalities interested.

Works at intersections. (2) Wherever a road assumed, acquired or laid out as a Provincial Highway intersects a highway which is not a Provincial Highway, the continuation of the Provincial Highway to its full width across the highway so intersected, including bridges and culverts thereon, shall be a part of the Provincial Highway.

Preliminary route plan. (3) Whenever for the purposes of this section it is deemed advisable to deposit in any registry office a preliminary route plan of any road acquired by the Minister, such preliminary route plan shall be of full effect as provided by subsection 1, and shall confer upon the Minister authority to acquire and take possession of the road, but such plan may at any time thereafter be replaced by a completed plan and description of the road so acquired.

6. The Minister may, for and in the name of His Majesty, purchase or acquire, and subject as hereinafter mentioned may, without the consent of the owner thereof, enter upon, take and expropriate any land or property which he may deem necessary for the use or purposes of the Department.

7. The Minister may acquire either alone, or jointly with a municipal corporation or corporations, such land or property as may be deemed necessary for procuring stone, gravel or other material for use in making, maintaining or repairing a Provincial Highway, any other highway or otherwise deemed necessary for the use of the Department.

8.—(1) All property, real or personal, no longer required for the use of the Department, may be sold, leased or disposed of by the Minister.

(2) The Lieutenant-Governor in Council upon the recommendation of the Minister may direct that any highway or portion or section thereof for which an alternative route has been substituted, or which is no longer required by the Department for the purpose of a Provincial Highway, or which from any cause should not remain under the jurisdiction of the Minister, may be closed to traffic or may be sold, leased or disposed of by the Minister, or may direct that any such highway, or portion or section of a highway, shall revert to the municipality previously liable for the maintenance and repair of the highway, or within which the same is situate, and such municipal corporation shall thereupon be in possession and control of the said highway from and after a date to be named by the Lieutenant-Governor in Council.

9. When a highway which is a toll road, not under the immediate control of a municipal corporation, or other land or property is to be entered upon, taken or used by the Department under the compulsory powers conferred by this Act, the Minister shall proceed in the manner provided by *The Ontario Public Works Act*, and the provisions of that Act, sections 10 to 40, inclusive, except as in this Act otherwise provided, shall apply, *mutatis mutandis*, to the Department and the officers thereof.

10. The cost of material, labour, special engineering or other services, land and property or options thereon, plant, machinery and equipment and the repair and maintenance of plant, machinery or equipment and all expenditure in or about any work undertaken by the Minister under this Act or incidental thereto, or contracts therefor, shall be paid out of the fund set apart out of the Consolidated Revenue Fund under *The Highway Improvement Act* upon the cer-

tificate of the Minister, and for that purpose accountable cheques may from time to time be issued against such fund in favour of the Department upon the requisition of the Minister therefor.

Portion
to be borne
by municipi-
palities.

11. The corporation of every municipality in which work of construction or repair and maintenance is from time to time carried out shall repay to Ontario 30 per cent. of the expenditure made by the Department within such municipality, and each city shall repay to Ontario a like proportion of the expenditure made within the limits of the roads designated as "Provincial Suburban" adjacent to the city.

Statements
to be trans-
mitted
to municipi-
pality.

12.—(1) The Minister or Deputy Minister annually, or from time to time as the work progresses, shall transmit to the clerk of each municipality a statement certified by the engineer of the department showing the expenditure for the specified period, and the amount thereof due to Ontario in accordance with the next preceding section.

Cost of
machinery
plant and
equipment.

(2) The cost of surveys, of machinery, plant and equipment, and the repair and maintenance thereof, all general overhead and staff expenses and salaries, and the cost of additional land or property for deviating, widening or any other purposes of the Department, shall not be included in such statement to the municipality, but shall be borne entirely by Ontario.

Highway
may be
divided
into sec-
tions for
maintenance
charges.

(3) For the purpose of determining the amount payable by any municipal corporation for repair and maintenance, a Provincial Highway may be divided into such sections as the Department shall determine, and the total expenditure for repair and maintenance within such section may be divided among the several municipalities, in proportion to the mileage of the highway in each municipality.

When
cost of
construction
may be
distributed
pro rata.

(4) Where work of construction is continuous through two or more municipalities, in such a manner that the cost cannot be conveniently or exactly computed, the engineer may apportion the share of the cost payable by the municipal corporations among the several municipalities in which the work is carried on in proportion to the mileage constructed in each municipality.

Engineer
may appor-
tion
expenditure.

(5) Where, owing to special circumstances, the engineer deems it inequitable that the cost of construction or of repair and maintenance should be apportioned upon the basis of the mileage of the highway in each municipality, he may apportion the cost among the municipalities in such a manner as he may deem just and expedient: and the corporation of

any municipality, which is dissatisfied with such apportionment, may appeal therefrom to the Ontario Railway and Municipal Board, whose decision shall be final.

(6) Where work of construction or maintenance is on the boundary line between two or more adjoining municipalities, or upon a highway used in lieu of such boundary line, the cost, as nearly as may be, shall be proportionately allotted to the interested municipalities.

(7) Where a Provincial Highway is so located that construction and maintenance under this Act are of direct benefit to a municipality other than one through which it is situate, the engineer may apportion to the municipality so benefited such amount or proportion of the cost as he may deem just and expedient, and the corporation of any municipality which is dissatisfied with such apportionment may appeal therefrom to the Ontario Railway and Municipal Board, whose decision shall be final.

(8) Where, at the time of being assumed as a Provincial Highway, any road is a county road, maintained and repaired by the corporation of a county, the amount or proportion of expenditure which would under this Act be apportioned to the local municipalities may, if deemed just and equitable, be apportioned by the engineer to the corporation of the county, and the corporation of any county which is dissatisfied with such apportionment may appeal therefrom to the Ontario Railway and Municipal Board.

13. The proportion of cost as estimated under the next preceding section shall be a debt due to Ontario by the municipal corporation and shall be paid to the Treasurer of Ontario within six months from the date of notification under subsection 1 of section 12.

14.—(1) The statement of expenditure to be transmitted to the municipality shall show the amount spent on construction and the amount spent on repair and maintenance.

(2) The proportion of expenditure on repair and maintenance to be paid by the municipal corporation shall in all cases be provided out of the general funds of the municipality, but expenditure for construction may be met by the issue of debentures under the provisions of *The Municipal Act*.

(3) The council of each municipality may pass by-laws for issuing and may issue its debentures, payable within such period as the Department may approve, but not exceeding

twenty years from the date of issue of the debentures, for an amount sufficient to pay the share of the cost of construction apportioned to the municipality, making the debt payable in equal annual instalments of principal and interest.

Minister
to decide
main-
tenance and
construc-
tion.

15. In all cases of doubt or dispute as to what constitute charges for maintenance as distinguished from construction, or as to what shall be omitted under subsection 2 of section 12, the decision of the Minister shall be final.

Highway
may be
closed to
traffic.

16.—(1) While the construction, repair or improvement or any work authorized by this Act is in progress on a Provincial Highway the Minister or any engineer authorized by him may close the highway or any portion thereof to traffic for such time as he may deem necessary, and any person using a highway so closed shall so do at his own risk, and shall not have a right to recovery of damages in case of accident or injury.

Penalty
for
removing
notice or
barrier.

(2) Every person who uses any highway so closed to traffic or who removes or defaces any notice or obstruction placed thereon by lawful authority shall incur a penalty not exceeding \$50, recoverable under *The Ontario Summary Convictions Act*, and shall also be liable for any damages or injury done to the highway or to the property of the Department occasioned by such trespass.

Minister
may exer-
cise powers
of municip-
al corpora-
tion.

17. —(1) The Department shall have and may exercise within the limits of any municipal corporation along the course of the roadway all the powers which may be exercised by a municipal corporation authorized to lay out, maintain and construct a highway.

Previous
rights and
agreements.

(2) The Department shall, in respect to a Provincial Highway under its jurisdiction, have all the rights, powers, benefits and advantages conferred either by by-law or contract or otherwise upon the local or county municipality or municipalities which had jurisdiction over the said road before the said road was assumed by the Province and the Department may sue upon such rights or under such agreement or by-laws in the same manner and to the same extent as the said local municipality or municipalities might have done if such road had not been adopted as a Provincial Highway.

Cost of
bridges.

18.—(1) Where it is necessary in the opinion of the Minister to replace, construct, reconstruct, enlarge repair or alter any bridge upon a Provincial Highway having a clear span of twenty feet or more, and which it is, at the time when the Minister assumes the highway the duty of a municipal

corporation to construct or maintain, the Minister shall include the cost of the work upon the bridge or approaches thereto in the statement provided for in section 12 and the municipal corporation shall be chargeable with an amount equal to sixty per cent. of that part of the cost of such replacement, construction, re-construction, enlargement or alteration which will represent the amount which should have been expended by the municipal corporation had the highway not been assumed by the Minister, and the remainder of the cost shall be borne by Ontario.

(2) The cost of maintenance of the bridge shall thereafter be borne by Ontario and the municipal corporation in the same proportions as the cost of maintenance of the highway. ^{Cost of maintenance.}

(3) For the purposes of this section "clear span" shall mean the clear space certified by the Engineer of the Department to be required between the abutments of a bridge. ^{Clear span defined.}

(4) In case of any dispute under this section as to the respective liabilities of a municipal corporation and the Department, the Minister may refer the matter in dispute to the Ontario Railway and Municipal Board and the certificate of the Board shall be final. ^{Disputes, how determined.}

19. Notwithstanding anything in any general or special Act or in any by-law, resolution, license of occupation, agreement or other act of a municipal corporation, no street railway or electric railway shall be laid down, constructed or operated upon a Provincial Highway except with the consent of the Lieutenant-Governor in Council and under and subject to such terms and conditions as he may impose, but this section shall not apply to any railway or part of a railway now in operation, and shall not be construed to affect or prejudice the rights, franchises and privileges of any company owning or operating such railway; provided that such company shall not move its rails to or upon the highway except with the consent of the Minister. ^{Electric and street railway.}

SCHEDULE.
TOWN OF COCHRANE.
By-Law No. 168.

A by-law to provide for borrowing \$40,000 upon debentures to replace property destroyed, and making good loss sustained through fire.

Whereas the Municipal Corporation of the Town of Cochrane suffered losses as a result of forest fires in the month of July, 1916, which destroyed a large amount of the property of the said town, including sidewalks, water works plant, and other permanent improvements owned by the town; and, as a result of the destruction of property, there will be a shrinkage in the taxes collectable by the said town.

And whereas it is necessary to borrow on the credit of the corporation the sum of \$40,000 for the purpose of making good the loss sustained by reason of the said fire, and to issue debentures therefor, bearing interest at the rate of five per cent. per annum, which is the amount of the debt intended to be created by this by-law.

And whereas it is expedient to make the principal of the said debt repayable in yearly sums, during a period of thirty years, of such amounts respectively that the aggregate amount payable for principal and interest in any year shall be equal, as nearly as may be, to the amount so payable for principal and interest in each of the other years.

And whereas it will be necessary to raise annually the sum of \$2,602.06 during the said period of thirty years to pay the said yearly-sums of principal and interest as they severally become due.

And whereas the amount of the whole rateable property of the said municipality, according to the last revised assessment roll is \$1,059,229.

And whereas the amount of the existing debenture debt of the said municipality, exclusive of local improvement debts secured by special rates or assessment, is \$181,819.84, and no part of the principal or interest thereof is in arrear.

Now, therefore the Municipal Corporation of the Town of Cochrane, enacts as follows:—

1. That for the purpose aforesaid there shall be borrowed, on the credit of the corporation at large, the sum of \$40,000, and debentures shall be issued therefor in sums of not less than \$100.00 each, bearing interest at the rate of five per cent. per annum, and having coupons attached thereto for the payment of the interest.

2. The debentures shall all bear the same date and shall be issued within two years after the date on which this by-law is passed, and may bear any date within such two years, and shall be payable in thirty annual instalments during the thirty years next after the time when the same are issued, and the respective amounts of principal and interest payable in each of such years shall be as set out in Schedule "A" hereto attached, which is hereby declared to be and form part of this by-law.

3. The debentures as to both principal and interest may be payable at any place or places in Canada, Great Britain or the United States of America.

4. The mayor of the corporation shall sign and issue the said debentures, and the said debentures and interest coupons shall be signed by the treasurer of the corporation, and the debentures shall be sealed with the seal of the said corporation. The signature on the interest coupons may be printed, stamped, lithographed or engraved.

5. During thirty years the currency of the debentures, the sum of \$2,602.06 shall be raised annually for the payment of the said debt and interest, and the said sum shall be levied and raised annually by a special rate sufficient therefor, over and above all other rates on all the rateable property in the municipality, at the same time and in the same manner as other rates.

6. The debentures may contain any clause providing for the registration thereof, authorized by any Statute relating to municipal debentures in force at the time of the issue thereof.

7. The payment of the principal and interest of the said debentures, when and as the same become due, may be guaranteed by the Province of Ontario, under the authority of any statute passed or to be passed for that purpose.

TOWN OF COCHRANE.

BY-LAW No. 169.

A by-law to provide for rebating certain taxes.

Whereas the Municipal Corporation of the Town of Cochrane suffered severe losses as a result of forest fires in the month of July, 1916, and a large number of buildings in the said town were destroyed;

And whereas the Council of the said town deemed it advisable and equitable to rebate and cancel one-half of the general municipal taxes, including school taxes, imposed for the year 1916, on buildings destroyed by the said fire, and to rebate and cancel one-half of such taxes collectable on business assessment imposed for the year 1916, in respect of buildings destroyed by the said fire;

And whereas pursuant to By-law number 159 of the said town passed the 27th day of November, 1916, the question as to rebating and cancelling the said taxes was submitted to the vote of the electors of the said town at the same time as the annual election for the municipal council;

And whereas the majority of the electors voting on said question voted in the affirmative, and it is desirable to pass a by-law providing for the rebating and cancelling of said taxes subject to such by-law being validated and confirmed by the Legislature of the Province of Ontario;

Now, therefore, the Municipal Council of the Town of Cochrane enacts as follows:—

1. One-half of the municipal taxes, including school rates and taxes imposed in the year 1916 on all buildings in the said town which were destroyed by the forest fires in the month of July, 1916, shall be and the same are hereby cancelled.

2. One-half of all municipal taxes, including school rates and taxes imposed for the year 1916 in respect of business assessment based on and in respect of buildings or portions thereof destroyed by the forest fires in the month of July, 1916, shall be and the same are hereby cancelled.

3. All persons, firms and corporations assessed for the year 1916 in respect of buildings and in respect of business assessment based on buildings which were destroyed by said forest fires in the month of July, 1916, and who have paid more than one-half of the full amount of taxes for the year 1916 in respect of said buildings or business assessment, shall be entitled to receive and shall be repaid all 1916 taxes, including school taxes, paid by them in respect thereof over and above one-half of the amount of said taxes, and the treasurer of the said town shall forthwith after the coming into force of this by-law repay to such persons, firms and corporations the said taxes so paid by them over and above one-half of their said taxes for the year 1916.

4. This by-law shall come into force and effect forthwith after the same has been validated and confirmed by an Act of the Legislature of the Province of Ontario.

TOWN OF COCHRANE.

By-LAW No. 170.

A by-law to provide for distribution of surplus moneys, if any, realized by issue and sale of debentures under By-law number 168;

Whereas the Municipal Corporation of the Town of Cochrane duly passed By-law number 168 on the 14th day of February, 1917, providing for borrowing the sum of \$40,000 upon debentures to replace property destroyed and make good loss sustained as a result of forest fires which occurred in the month of July, 1916;

And whereas the said town duly passed By-law number 169 on the 14th day of February, 1917, providing for cancelling and rebating one-half of the taxes imposed in the year 1916 on buildings which were destroyed by said forest fires, and in respect of business assessment in respect of such buildings;

And whereas it is difficult to ascertain at the present time the exact amount of the loss sustained through said fire and the deficit occasioned by the cancellation and rebating of the said taxes, and it is desirable to provide for the disposition of the surplus money, if any, realized from the issue and sale of the debentures authorized by said By-law number 168 in the event of the said loss and deficit amounting to less than the proceeds of the said debentures.

Now, therefore, the Municipal Council of the Corporation of the Town of Cochrane enacts as follows:—

1. That in the event of the moneys realized from the sale of the debentures authorized by said By-law number 168 being more than sufficient to cover and provide for all loss occasioned as a result of the said forest fires and to make good the deficit occasioned by the cancellation and rebating of the said 1916 taxes, as authorized by said By-law number 169, the surplus, if any, shall be applied as follows:—

(1) Up to the amount of \$7,000 the said surplus shall be applied and expended on extensions and improvements to the water works system of the said town, in such manner as may be approved and authorized by by-law of the council of the said town.

(2) Said surplus, if any, over and above the said sum of \$7,000 to be expended in water works extensions as aforesaid, shall be applied and expended for the installation of a duplicate pumping system and for increasing the water supply of the said town, in such manner as may be approved and authorized by by-law of the council of the said town.

2. It shall not be necessary that any by-law of the council of the said town authorizing the appropriation and expenditure of the said surplus, or any part thereof, be submitted to the vote of the electors of the said town.

BY-LAW No. 113.

Being a By-law to amend By-law No. 102 finally read and passed on the Municipal Corporation of the Township of Tisdale on the 29th day of November, 1916:—

Whereas, on the application of the Public School Board of School Section No. 1 in the Township of Tisdale, the Council of the Township of Tisdale did, on the 29th day of November, 1916, pass a By-law No. 102 for the issue of certain debentures for the purposes mentioned in the said by-law;

And whereas it now appears that through inadvertence paragraph (c) of the said by-law provided that the rate to be levied for the purpose of paying the said debentures should be levied on all the rateable property in the said Public School Section instead of on the taxable property of the public school supporters of the said school section, as provided by section 44 of *The Public Schools Act*;

Now therefore the Municipal Council of the Corporation of the Township of Tisdale enacts as follows:—

1. That paragraph (c) of the said above-recited By-law No. 102, be and is hereby repealed and there shall be substituted and read into the said by-law in lieu thereof the following paragraph (c):—

" (c) During the currency of the said debentures there shall be raised annually by special school rates on all the taxable property of the public school supporters in the said school section the sum of \$2,574.07 for the purpose of paying the amount due in each of the said years for principal and interest at the rate of six per cent. in respect of the said debt as shown in Schedule "A." "

BY-LAW No. 114.

Being a by-law to amend By-law No. 103, finally read and passed by the Municipal Corporation of the Township of Tisdale, on the 29th day of November, 1916.

Whereas, on the application of the Public School Board of School Section No. 2, in the Township of Tisdale, the Council of the Township of Tisdale did, on the 29th day of November, 1916, pass a By-law No. 103 for the issue of certain debentures for the purposes mentioned in the said by-law;

And whereas it now appears that through inadvertence paragraph (c) of the said by-law provided that the rate to be levied for the purpose of paying the said debentures should be levied on all the rateable property in the said public school section instead of on the taxable property of the public school supporters of the said school section as provided by Section 44 of *The Public Schools Act*.

Now, therefore, the Municipal Council of the Corporation of the Township of Tisdale enacts as follows:—

1. That paragraph (c) of the said above-recited By-law No. 103 be and is hereby repealed, and there shall be substituted and read into the said by-law in lieu thereof the following paragraph:—

"(c) During the currency of the said debentures there shall be raised annually by special school rates on all the taxable property of the public school supporters in the said school section the sum of \$1,029.63 for the purpose of paying the amount due in each of the said years for principal and interest at the rate of six per cent. in respect of the said debt as shown in Schedule 'A.'"

2. This by-law shall come into operation and take effect on the day of the passing thereof.

This Indenture, made in duplicate the seventeenth day of February, in the year of our Lord, One thousand nine hundred and seven-teen (1917).

Between:

The Hydro-Electric Power Commission of Ontario, hereinafter called the "Commission,"

Party of the First Part,

and

The Municipal Corporation of the Town of Collingwood, hereinafter called the "Corporation,"

Party of the Second Part.

Whereas, pursuant to an Act to provide for the transmission of electrical power to municipalities, known as *The Power Commission Act* and amendments thereto, the Commission entered into an agreement with the Corporation for a supply of electrical energy, dated the twenty-fourth (24th) day of July, Nineteen hundred and twelve (1912), (and the ratepayers of the Corporation assented to the by-laws authorizing the Corporation to enter into such an agreement with the Commission for such power);

And whereas, in accordance with the powers conferred by legislation upon the Commission by the said *Power Commission Act* and amendments thereto, the Commission purchased the generating station, hydraulic plant and all works in connection with same belonging to the Simcoe Railway and Power Company, located at what is known as the Big Chute on the Severn River, and all of the transmission lines, sub-stations and transmission equipment also belonging to the said Simcoe Railway and Power Company between the said generating station and the Town of Midland;

And whereas, the purchase of such generating station, hydraulic plant, works, transmission lines, sub-stations and all properties belonging to the said Simcoe Railway and Power Company was made for the purpose of supplying to better advantage and with greater efficiency the power requirements of the various municipalities located in the surrounding and adjacent district;

And whereas, in order to comply with such changed conditions it is the desire of both parties that it be declared that the said agreement, dated July 24th, 1912, be terminated and superseded by this agreement as hereinafter set out;

And whereas the electors of the Corporation assented to by By-law No. 873, authorizing the Corporation to enter into such an agreement.

1. Now therefore this indenture witnesseth, that in consideration of the premises and of the agreements of the Corporation herein set forth, subject to the provisions of the said Act and amendments thereto, the Commission and the Corporation mutually agree with each other as follows:

2. The Commission agrees:

(a) To reserve and deliver at the earliest possible date one thousand (1,000) h.p. or more of electrical power to the Corporation.

(b) At the expiration of reasonable notice in writing, which may be given by the Corporation from time to time during the continuance of this agreement, to reserve and deliver to the Corporation additional electric power when called for.

(c) To use at all times first-class, modern, standard commercial apparatus and plant, and to exercise all due skill and diligence so as to secure satisfactory operation of the plant and apparatus of the Corporation.

(d) To deliver commercially continuous 24-hour power every day in the year to the Corporation at the distribution bus bars in the Commission's sub-station within the Corporation's limits.

3. The Corporation agrees:

(a) To use all diligence by every lawful means in its power to prepare for the receipt and use of the power dealt with by this agreement so as to be able to receive power when the Commission is ready to deliver same.

(b) To pay annually interest at rate payable by the Commission upon the Corporation's proportionate part (based on the quantity of electrical energy or power taken) of all moneys expended by the

Commission on capital account for the acquiring of properties and rights, the acquiring and construction of generating plants, transformer stations, transmission lines, distributing stations and other works necessary for the delivery of said electrical energy or power to the Corporation under the terms of this contract.

Also to pay an annual sinking fund instalment of such an amount as to form at the end of 30 years, with accrued interest, a sinking fund sufficient to repay the Corporation's proportionate part, based as aforesaid, of all moneys advanced by the Province of Ontario for the acquiring of properties and rights, the acquiring and construction of generating plants, transformer stations, transmission lines, distributing stations and other work necessary for the delivery of said electrical energy or power, delivered to the Corporation under the terms of this contract.

Also to pay the Corporation's proportionate part, based as aforesaid, of the cost of lost power and the cost of generating, maintaining, repairing, renewing and insuring said generating plants, transformer stations, transmission lines, distributing stations and other necessary works. Subject to adjustment under Clause 7 of this agreement.

(c) The amounts payable under this contract shall be paid in twelve monthly payments, in gold coin of the present standard of weight and fineness, at the offices of the Commission at Toronto. Bills shall be rendered by the Commission on or before the 5th day of each month and paid by the Corporation on or before the 15th day of each month. If any bill remains unpaid for fifteen days, the Commission may, in addition to all other remedies and without notice, discontinue the supply of power to the Corporation until such bill is paid. No such discontinuance shall relieve the Corporation from the performance of the covenants, provisos and conditions herein contained. All payments in arrears shall bear interest at the legal rate.

(d) To take electric power exclusively from the Commission during the continuance of this agreement.

(e) To co-operate by all means in its power at all times with the Commission to increase the quantity of power required from the Commission, and in all other respects to carry out the objects of this agreement and of the said Act.

(f) To pay for three-fourths of the power ordered from time to time by the Corporation and held in reserve for it as herein provided, whether it takes the same or not. When the highest average amount of power taken for any twenty consecutive minutes during any month shall exceed during the twenty consecutive minutes three-fourths of the amount ordered by the Corporation and held in reserve, then the Corporation shall pay for this greater amount during the entire month.

(g) If the Corporation during any month takes more than the amount of power ordered and held in reserve for it, as determined by an integrated peak, or highest average, for a period of twenty consecutive minutes, the taking of such excess shall thereafter constitute an obligation on the part of the Corporation to pay for, and on the part of the Commission to hold in reserve, such increased quantity of power in accordance with the terms and conditions of this contract.

(h) When the power factor at any time falls below ninety per cent. (90%) the Corporation shall pay for ninety per cent. (90%) of the kilovolt amperes, providing that said ninety per cent. (90%) of said kilovolt amperes is greater than the maximum kilowatts for any twenty (20) minute period during the month.

(i) To use at all times first-class, modern, standard commercial apparatus and plant, to be approved by the Commission.

(j) To exercise all due skill and diligence so as to secure satisfactory operation of the plant and apparatus of the Commission and of the Corporation.

4. This agreement shall remain in force for thirty (30) years from the date of execution and completion thereof, subject to Section 10 hereof.

5. (a) The power shall be alternating, three-phase, having a periodicity of approximately sixty (60) cycles per second and shall be delivered as aforesaid at a voltage suitable for local distribution.

(b) That the meters with their series and potential transformers shall be connected at the point of delivery.

(c) That the maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency at the sub-station in the limits of the Corporation shall constitute the supply of all power involved herein and the fulfilment of all operating obligations hereunder, and when the voltage and frequency are so maintained, the amount of power, its fluctuations, load factor, power factor, distribution as to phases and all other electrical characteristics, and qualities are under the sole control of the Corporation, their agents, customers, apparatus, appliances and circuits.

6. The Engineers of the Commission, or one or more of them, or any other person or persons appointed for this purpose by the Commission, shall have the right from time to time during the continuance of this agreement to inspect the apparatus, plant and property of the Corporation and take records at all reasonable hours.

7. The Commission shall at least annually adjust and apportion the amount or amounts payable by the Municipal Corporation or Corporations for such power and such interest, sinking fund, cost of lost power and cost of generating, operating, maintaining, repairing, renewing and insuring said works.

If at any time any other Municipal Corporation, or pursuant to said Act any railway or distributing company, or any other Corporation or person, applies to the Commission for a supply of power, the Commission shall notify the applicant and the involved Corporation or Corporations in writing, of a time and place to hear all representations that may be made as to the terms and conditions for such supply.

Without discrimination in favour of the applicants as to the price to be paid, for equal quantities of power, the Commission may supply power upon such terms and conditions as may, having regard to the risk and expense incurred and paid, and to be paid by the Corporation, appear equitable to the Commission and are approved by the Lieutenant-Governor in Council.

No such application shall be granted if the said works or any part thereof are not adequate for such supply, or if the supply of the Corporation will be thereby injuriously affected, and no power shall be supplied within the limits of a Municipal Corporation taking power from the Commission at the time of such application without the written consent of such Corporation.

In determining the quantity of power supplied to a Municipal Corporation, the quantity supplied by the Commission within the limits of the Corporation to any applicant, other than a Municipal Corporation, shall be computed as part of the quantity supplied to such Corporation, but such Corporation shall not be liable for payment for any portion of the power so supplied. No power shall be

supplied by the Municipal Corporation to any railway or distributing company without the written consent of the Commission. Power shall not be sold for less than the cost and there shall be no discrimination as regards price and quantity.

8. It is hereby declared that the Commission is to be a trustee of all property held by the Commission under this agreement for the Corporation or Corporations supplied by the Commission, but the Commission shall be entitled to a lien upon said property for all moneys expended by the Commission under this agreement and not repaid. At the expiration of this agreement the Commission shall determine and adjust the rights of the Corporation and any other (if any) supplied by the Commission, having regard to the amounts paid by them respectively under the terms of this agreement, and such other considerations as may appear equitable to the Commission and are approved by the Lieutenant-Governor in Council.

9. If differences arise between Corporations to which the Commission is supplying power, the Commission may, upon application, fix a time and place to hear all representations that may be made by the parties and the Commission shall, in a summary manner, when possible, adjust such differences and such adjustment shall be final.

The Commission shall have all the powers that may be conferred upon a Commissioner appointed under the Act respecting Enquiries Concerning Public Matters.

10. Notwithstanding anything herein contained to the contrary, it is hereby understood and agreed that this agreement shall come into effect upon the date of its approval by the Lieutenant-Governor in Council, or its ratification by the Legislature of the Province of Ontario, and that the said agreement between the parties hereto bearing date the day of 19 .., shall thereupon be terminated and become of no effect and be superseded by this agreement.

11. This agreement shall extend to, be binding upon, and enure to the benefit of the successors and assigns of the parties hereto.

In witness whereof the Commission and the Corporation have respectively affixed their corporate seals and the hands of their proper officers.

SCHEDULE "C"

This Agreement made this fourth day of January, A.D. 1917.

Between:

The Hydro-Electric Power Commission of Ontario, herein called the "Commission," party of the first part,

and

The Municipal Corporation of the Township of Scarborough, herein called the "Corporation," party of the second part.

Whereas pursuant to an Act to provide for the transmission of electrical power to municipalities, the Corporation applied to the Commission for a supply of power;

And whereas the Commission has entered into contracts with the Ontario Power Company of Niagara Falls (hereinafter called the Company), for such power;

And whereas the Corporation under the provisions of the *Power Commission Act* and amendments thereto and the *Power Commission Act* of 1911, being "An Act to Provide for the Local Distribution of Electrical Power," has, at the request of a number of ratepayers (petitioners) applied to the Commission for a supply of electrical power or energy, and has passed a by-law, No. 925, to authorize the execution of an agreement therefor.

1. Now therefore this indenture witnesseth that in consideration of the premises and of the agreements of the Corporation set forth, subject to the provisions of said Act and amendments and of the said contract, the Commission agrees with the Corporation:

(a) To reserve and deliver at the earliest possible date electrical power to the Corporation as required by the Corporation.

(b) At the expiration of thirty (30) days notice in writing, which may be given by the Corporation from time to time during the continuance of this agreement, to reserve and deliver to the Corporation additional electrical power as may be required from time to time.

(c) To use at all times first-class, modern, standard, commercial apparatus and plant, and to exercise due skill and diligence so as to secure the most perfect operation of the plant and apparatus of the Corporation.

(d) Power shall be delivered to the Corporation at approximately 2,200 or 4,000 volts, or at any other primary voltage that may be available for the Corporation's use.

(e) To supply and construct all 2,200, 4,000 or other lines at primary voltage made necessary by contracts for electric service made between the Corporation and residents or users, within the township, from the Commission's transformer station or stations to the service transformers of the Corporation, located at such points as the Commission may approve.

2. In consideration of the premises and of the covenants and agreements herein set forth, the Corporation agrees with the Commission:—

(a) To use all diligence by every lawful means in its power to prepare for the receipt and use of the power dealt with by this agreement, so as to be able to give notice as specified in Paragraph 1 (b).

(b) Subject to the provisions of paragraph 2 (g) herein, to pay to the Commission monthly, for all power taken, the cost of the power delivered to the Commission, plus the charges in connection with the delivery of the power to the municipality as outlined in clauses 2 (c) and (d).

(c) To pay, annually, in twelve monthly instalments, interest upon its proportionate part of the moneys expended by the Commission on capital account for the construction of lines, transformer stations and other necessary works for the delivery of power to the Corporation; to pay an annual sum for its proportionate part of the cost of the said construction, so as to form in thirty years a sinking fund for the retirement of securities issued by the Province of Ontario; and to bear its proportionate part of the line loss and pay its proportionate part of the cost to operate, maintain, repair, renew and insure the said lines, stations and works. All payments under this paragraph shall be subject to adjustment under paragraph 7.

(d) In addition to the cost of power, and the cost of delivering it to the Corporation as provided for in paragraphs 2 (b) and (c), to pay to the Commission in half yearly instalments, interest and sinking fund on a thirty-year basis on all capital invested by the Commission in 2,200, 4,000 or other lines of primary voltage as provided for in paragraph 1 (c), and to maintain, repair, renew and operate the said lines, and set aside a depreciation fund at the rate of 5 per cent. per annum on all capital expended by the Commission on such construction.

(e) The amounts payable in accordance with clause 2 (b), and (c) and (d) shall be paid in gold coin of the present standard of weight and fineness, at the office of the Commission at Toronto, and bills shall be rendered by the Commission on or before the 5th day and paid by the Corporation on or before the 15th day of each month, except that payments under clause 2 (d) shall be made half yearly. If any bill remains unpaid for fifteen days, the Commission may, in addition to all other remedies and without notice, discontinue the supply of power to the Corporation until the said bill is paid. No such discontinuance shall relieve the Corporation from the performance of the covenants, provisos and conditions herein contained. All payments in arrears shall bear interest at the legal rate.

(f) To take power exclusively from the Commission during the continuance of this agreement.

(g) To pay for three-fourths of the power ordered from time to time by the Corporation and held in reserve for it as herein provided whether it takes the same or not. When the highest average amount of power taken for any twenty consecutive minutes during any month shall exceed during the twenty consecutive minutes three-fourths of the amount ordered by the Corporation and held in reserve, then the Corporation shall pay for this greater amount during the entire month.

If the Corporation during any month takes more than the amount of power ordered and held in reserve for it, as determined by an integrated peak, or highest average, for a period of twenty consecutive minutes, the Corporation shall pay for this greater amount of power during the entire month. The taking of such excess shall thereafter constitute an obligation on the part of the Corporation to pay for and on the part of the Commission to hold in reserve an additional block of power in accordance with the terms and conditions of this contract.

When the power factor of the greatest amount of power taken for said twenty consecutive minutes falls below 90 per cent. the Corporation shall pay for 90 per cent. of said power divided by the power factor.

(h) To use at all times first-class, modern, standard, commercial apparatus and plant to be approved by the Commission and to exercise all due skill and diligence so as to secure the most perfect operation of the plant and apparatus of the Commission and of the Company.

(i) To co-operate, by all means in its power, at all times, with the Commission, to increase the quantity of power required from the Commission and in all other respects to carry out the objects of this agreement and of the said Act.

3. If, as therein provided, the said contracts are continued until the 19th day of December, 1939, this agreement shall remain in force until that date.

4. The power shall be three-phase alternating commercially continuous twenty-four hour power every day of the year except as provided in paragraph 6, having a periodicity of approximately 25 cycles per second, and shall be delivered as aforesaid at a voltage suitable for distribution within the municipality.

(a) That the meters with their series and potential transformers shall be connected at the point of delivery, and shall be subject to test as to accuracy by either party hereto.

(b) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency at the point of delivery to the Corporation shall constitute the supply of all power involved herein and the fulfilment of all operating obligations hereunder; and when voltage and frequency are so maintained, the amount of the power, its fluctuations, load factor, power factor, distribution as to phases, and all other electric characteristics and qualities are under the sole control of the Corporation, their agents, customers, apparatus, appliances and circuits.

5. The Engineers of the Commission, or one or more of them, or any other person or persons appointed for this purpose by the Commission, shall have the right from time to time during the continuance of this agreement, to inspect the apparatus, plant and property of the Corporation and take records at all reasonable hours.

6. In case the Commission should at any time or times be prevented from supplying said power, or any part thereof, or in case the Corporation shall at any time be prevented from taking said power, or any part thereof, by strike, lock-out, fire, invasion, explosion, act of God, or the King's enemies, or any other cause reasonably beyond their control, then the Commission shall not be bound to deliver such power during such time, and the Corporation shall not be bound to pay the price of said power, during such time.

7. The Commission shall at least annually adjust and apportion the amounts payable by municipal corporations for such power and such interest, sinking fund, line loss, and cost of operating, maintaining, repairing, renewing and insuring the line and works.

8. It is hereby declared that the Commission is to be a trustee of all property held by the Commission under this agreement for the Corporation and other municipal corporations supplied by the Commission, but the Commission shall be entitled to a lien upon said property for all moneys expended by the Commission under this agreement and not repaid. At the expiration of this agreement the Commission shall determine and adjust the rights of the Corporation and other municipal corporations, supplied by the Commission, having regard to the amounts paid by them, respect-

ively, under the terms of this agreement, and such other considerations, as may appear equitable to the Commission and are approved by the Lieutenant-Governor in Council.

9. If at any time any other Municipal Corporation or pursuant to said Act, any railway or distributing company, or any other Corporation or person, applies to the Commission for a supply of power, the Commission shall notify the applicant and the Corporation in writing, of a time and place and hear all representations that may be made as to the terms and conditions for such supply.

Without discrimination in favour of the applicants as to the price to be paid, for equal quantities of power, the Commission may supply power upon such terms and conditions as may, having regard to the risk and expense incurred, and paid, and to be paid by the Corporation, appear equitable to the Commission, and are approved by the Lieutenant-Governor in Council.

10. In case any Municipal Corporation, or any person, firm or Corporation which shall contract with the Commission or with any municipal corporation for a supply of power furnished to the Commission by the Company shall suffer damages by the act or neglect of the Company, and such municipal corporation, person, firm or corporation would, if the Company had made the said contracts directly with them, have had a right to recover such damages or commence any proceedings or any other remedy, the Commission shall be entitled to commence any such proceedings to bring such action for or on behalf of such municipal corporation, person, firm or corporation, and notwithstanding any act, decision or rule of law to the contrary, the Commission shall be entitled to all the rights and remedies of such Municipal Corporation, person, firm or corporation, including the right to recover such damages, but no action shall be brought by the Commission until such municipal corporation, person, firm or corporation shall have agreed with the Commission to pay any costs that may be adjudged to be paid if such proceedings or action is unsuccessful. The rights and remedies of any such municipal corporation, person, firm or corporation shall not be hereby prejudiced.

11. If any differences arise between Corporations to whom the Commission is supplying power, the Commission may upon application fix a time and place to hear all representations that may be made by the parties and the Commission shall, in a summary manner when possible, adjust such differences and such adjustment shall be final.

The Commission shall have all the powers that may be conferred upon a Commissioner appointed under the Act respecting Enquiries concerning Public Matters.

12. This agreement shall extend to, be binding upon and enure to the benefit of the successors and assigns of the parties hereto.

SCHEDULE "D."

This Indenture made in Duplicate the 4th day of December, in the year of our Lord, one thousand nine hundred and sixteen (1916).

Between

The Hydro-Electric Power Commission of Ontario, hereinafter called the "Commission," party of the first part.

and

The Municipal Corporation of the City of Kingston, hereinafter called the "Corporation," party of the second part.

Whereas by the *Power Commission Act*, passed by the Legislature of the Province of Ontario, Revised Statutes of Ontario, 1914, Chapter 39, and amendments thereto, it was, amongst other things, enacted that any Municipal Corporation might apply to the Hydro-Electric Power Commission of Ontario for the transmission to such Corporation of electric power and energy for the use of the Corporation and the inhabitants thereof for lighting, heating and power purposes;

And whereas the Corporation has applied to the Commission for a supply of electrical power or energy;

And whereas the Commission is in possession of, and operating in trust for the Ontario Government, the power developments known as the Central Ontario System and can supply therefrom electrical energy sufficient for the needs of the Corporation;

And whereas the electors of the Corporation assented to by-laws authorizing the Corporation to enter into a contract with the Commission for such power;

Now therefore this indenture witnesseth that in consideration of the premises and of the agreements of the parties hereto each agree with the other as follows:

1. The Commission agrees:

(a) To reserve for and deliver to the Corporation one thousand two hundred (1,200) or more horse-power of electrical power or energy at the point of delivery hereinafter specified.

(b) To reserve and deliver to the Corporation additional electrical power at the expiration of reasonable notice in writing, which may be given by the Corporation from time to time during the continuance of this agreement.

(b) To use at all times first-class, modern, standard, commercial apparatus and plant and to exercise all due skill and diligence so that the service rendered to the Corporation hereunder shall be satisfactory.

(d) To deliver commercially continuous twenty-four (24) hour power every day in the year, except as provided for herein, at the point of delivery, herein defined as the low tension outlets of the Commission's substation, which the Commission proposes to erect in the City of Kingston.

2. The Corporation agrees:

(a) To use all diligence by every lawful means in its power to prepare for the receipt and use of the power covered by this agreement, so as to be able to receive power on the date of delivery.

(b) To pay to the Commission for all power taken or held in reserve in monthly payments in gold coin at Toronto under the following schedule of rates:

For 1,200 h.p. and up to 2,500 h.p., at the rate of \$28.00 per h.p. per annum.

When the amount of power taken and held in reserve for the Corporation increases to 2,500 h.p., the rate for all power shall be \$27.00 per h.p. per annum, and

When the said power increases to 3,000 h.p., the rate for all power shall be \$26.00 per h.p. per annum;

When the said power increases to 3,500 h.p., the rate for all power shall be \$25.00 per h.p. per annum;

When the said power increases to 4,000 h.p., the rate for all power shall be \$24.00 per h.p. per annum.

Each month's payments are to be made as though the maximum amount taken during that month was taken for the whole month, save that paragraph (d) hereof shall govern the minimum.

(c) If the Corporation during any month takes more than the amount of power ordered and held in reserve for it for twenty (20) consecutive minutes, the taking of such excess power shall thereafter constitute an obligation on the part of the Corporation to pay for, and on the part of the Commission, as long as this greater amount does not exceed the maximum hereunder, to hold in reserve such increased quantity of power in accordance with the terms and conditions of this agreement.

(d) To pay each month to the Commission as a minimum for seventy-five per cent. (75%) of the power held in reserve for the Corporation at the rate fixed herein except as provided for in Clause 5 (b) hereof.

(e) At all times to take and use the three-phase power in such a manner that the current will be equally taken from the three phases and in no case shall the difference between any two phases be greater than ten per cent. (10%).

(f) At all times to so take and use the three-phase power that the ratio of the kilowatts to the kilovolt-amperes is a maximum, but in any event the customer shall pay for at least ninety per cent. (90%) of the maximum kilovolt-amperes considered as true power or kilowatts. The maximum demand in kilovolt-amperes or kilowatts shall be taken as the maximum average or integrated demand over any twenty consecutive minutes.

One horse-power is defined as 0,746 kilowatts.

One kilowatt is defined as the produce of the instantaneous current, voltage and power-factor of the load as shown by a standard polyphase wattmeter and divided by 1,000.

One kilovolt-ampere is defined as the product of the simultaneous average current per phase times the average voltage between phases, times 1,732 and divided by 1,000.

For the purposes of this agreement the kilovolt-amperes may be determined either directly by current and voltage measurements or by the kilowatts divided by the power factor or by any other commercially accurate means as may be approved by the Commission.

The power factor is defined as kilowatts divided by kilovolt-amperes.

(g) Bills shall be rendered by the Commission to the Corporation on or before the tenth day, and paid by the Corporation on or before the twentieth day of each calendar month.

If any bill remains unpaid for fifteen (15) days after the date thereof the Commission may, in addition to all other remedies, and without notice, discontinue the supply of power to the Corporation until the said bill is paid, and no such discontinuance by the Commission shall relieve the Corporation from the performance of the covenants, provisos and conditions herein contained.

All payments in arrears shall bear interest at the legal rate.

(h) To use at all times modern, standard, commercial apparatus and plant to be approved by the Commission from time to time, and to so operate and conduct the plant and apparatus as to cause minimum disturbances or fluctuations to the Commission's supply, and to exercise all due skill and diligence so as to secure the satisfactory operation of the plant and apparatus of both the Commission and the Corporation.

(i) Should it be expedient or necessary for the Commission, in order to deliver power hereunder, to construct or build poles, lines, cables, transformers, switches or other appliances or devices on, over or through the property of the Corporation, the Corporation hereby agrees to supply and arrange for such necessary rights-of-way free of cost, and satisfactory to the Commission for the life of this agreement, or renewals thereof, and for thirty (30) days thereafter, so that the Commission may build, erect, construct, operate, repair, maintain and remove any of said apparatus or devices belonging to the Commission.

The power delivered hereunder shall be alternating, three-phase, having a periodicity of approximately 60 cycles per second and a pressure of approximately 2,300 volts between phase wires, subject to normal variations in both frequency and voltage.

4. (a) Measurement of the power held in reserve or taken by the Corporation hereunder shall be made by means of a standard polyphase Graphic Recording Wattmeter, and other meters as required, so arranged as to accurately measure and record the power taken by the Corporation.

The greatest average or integrated power demand made by the Corporation for twenty (20) consecutive minutes in any month, as shown by the aforementioned instruments, shall be used as basis of billing and paying for the power taken by the Corporation hereunder.

(b) The point of measuring the power covered by this agreement shall be as near as possible to the point of delivery, and the instruments, with the necessary current and potential transformers for the measurement of power hereunder shall be provided, installed and maintained correct by the Commission.

(c) Whenever the said measuring instruments are connected at other than the point of delivery their reading shall be subject to a correction and shall be corrected to give a reading such as would be obtained by instruments connected at the point of delivery. Such corrections shall be based upon tests or calculations by the Commission.

(d) Should the point of measurement be located on the premises of the Corporation no rental charge shall be made to the Commission for the location of said instruments or transformers on the Corporation's premises.

(e) Access to said instruments and transformers belonging to the Commission shall be free to the Commission at any and all times and the Commission may test, calibrate or remove said measuring instruments and transformers at any reasonable time, but when possible the Corporation shall be advised at least seven days in advance of the Commission's intention to re-calibrate, remove or change the measuring instruments.

(f) The Corporation shall have the right to test any such measuring instruments in the presence of a representative of the Commission, by giving to the Commission seven days' previous notice in writing of its desire to test such measuring instruments.

(g) The Commission shall repair or replace and re-test defective meters or measuring equipment within a reasonable time, but, during the time there is no meter in service it shall be assumed that the power consumed is the same as for the other days of the same month on which a similar load existed.

(h) The Corporation shall be responsible for any damage to the property or apparatus furnished by the Commission for the purpose of supplying or measuring power hereunder and installed on the Corporation's property, providing such damage originates from a source external to the said apparatus of the Commission, and is not due to defects in the apparatus of the Commission.

5. (a) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency at the point of delivery shall constitute the supply of power involved herein and a fulfilment of all the operating obligations hereunder, and when the voltage and the frequency are so maintained the amount of power, its fluctuations, load factor, power factor, distribution as to phases, and all other characteristics and qualities are under the sole control of the Corporation, his agents, apparatus, appliances and circuits.

(b) In case the Commission shall at any time or times be prevented from delivering said power or any part thereof by strikes, lockouts, riot, fire, invasion, explosion, act of God, the King's enemies, or any other cause or causes reasonable beyond its control, then the Commission shall not be bound to deliver such power during such time and the Corporation shall not be bound to pay for such power during such time.

(c) The Commission shall be prompt and diligent in removing the cause of such interruption, but the Corporation shall not be bound to pay for such power during such time. As soon as the cause of such interruption is removed the Commission shall, without any delay, deliver the said power as aforesaid, and the Corporation shall take and use the same.

(d) It is further agreed hereby that the Commission shall have the right at reasonable times, and when possible after due notice has been given to the Corporation to discontinue the supply of power to the Corporation for the purpose of safeguarding life or property, or for the purpose of making repairs, renewals, or replacements to the lines or apparatus of the Commission, but all such interruptions shall be of a minimum duration and when possible arranged for at a time least objectionable to the Corporation.

Such interruptions shall not release the Corporation from its obligations to pay for or resume the use of power when service is restored.

6. A representative or engineer of the Commission appointed for this purpose, may, at any reasonable time during the continuance of this agreement, have access to the premises of the Corporation for the purpose of inspecting the electrical apparatus, plant or property of the Corporation and to take records therefrom as required.

4. It is mutually agreed:

That this agreement shall be binding upon both parties hereto for a period of twenty (20) years, beginning on the day and date when power is first taken hereunder, and this agreement may be extended for a further term of five (5) years upon the mutual agreement of both parties hereto before three (3) months of the expiration of this agreement or any extension or renewal period.

8. The Commission shall be entitled at the termination of this agreement or any extension thereof, or within thirty (30) days thereafter, to remove from the Corporation's premises any and all plant or equipment which may have been installed by the Commission for the supply or measurement of power hereunder.

In witness whereof the said Commission and the said Corporation have duly affixed their respective seals and signatures of their respective officers this fourth day of December, A. D. nineteen hundred and sixteen (1916).

SCHEDULE "E"

This Indenture made in Duplicate the 2nd day of June, in the year of our Lord, one thousand nine hundred and sixteen.

Between

The Hydro-Electric Power Commission of Ontario, hereinafter called the "Commission," party of the first part;

and

The Municipal Corporation of the Town of Arthur, hereinafter called the "Corporation," party of the second part.

Whereas, pursuant to an "An Act to Provide for the Transmission of Electrical Power to Municipalities known as the *Power Commission Act* and amendments thereto," the Corporation applied to the Commission for a supply of power, and the Commission furnished the Corporation with estimates of the total cost of such power, ready for distribution within the limits of the Corporation (and the electors of the Corporation assented to the by-laws authorizing the Corporation to enter into a contract with the Commission for such power).

1. Now therefore this indenture witnesseth that in consideration of the premises and of the agreement of the Corporation herein set forth, subject to the provisions of the said Act and amendments thereto, the Commission agrees with the Corporation.

(a) To reserve and deliver at the earliest possible date 150 h.p. or more of electrical power to the Corporation.

(b) At the expiration of reasonable notice in writing which may be given by the Corporation from time to time during the continuance of this agreement, to reserve and deliver to the Corporation additional electric power when called for.

(c) To use at all times first-class, modern, standard commercial apparatus and plant, and to exercise all due skill and diligence so as to secure satisfactory operation of the plant and apparatus of the Corporation.

(d) To deliver commercially continuous 24-hour power every day in the year to the Corporation at the distribution bus bars in the Commission's substation located at Grand Valley.

2. In consideration of the premises and of the agreement herein set forth, the Corporation agrees with the Commission—

(a) To use all diligence by every lawful means in its power to prepare for the receipt and use of the power dealt with by this agreement so as to be able to receive power when the Commission is ready to deliver same.

(b) To pay annually, interest at rate payable by the Commission upon the Corporation's proportionate part (based on the quantity of electrical energy or power taken), of all the monies expended by the Commission on capital account for the acquiring of properties and rights, the acquiring and construction of generating plants, transformer stations, transmission lines, distributing stations, and other works necessary for the delivery of said electrical energy or power to the Corporation under the terms of this contract.

Also to pay an annual sinking fund instalment of such amount as to form at the end of 30 years, with accrued interest, a sinking fund sufficient to repay the Corporation's proportionate part, based as aforesaid, of all monies advanced by the Province of Ontario for

the acquiring of properties and rights, the acquiring and construction of generating plants, transformer stations, transmission lines, distributing stations and other work necessary for the delivery of said electrical energy or power, delivered to the Corporation under the terms of this contract. Also to pay the Corporation's proportionate part, based as aforesaid, of the cost of lost power and the cost of generating, maintaining, repairing, renewing and insuring said generating plants, transformer stations, transmission lines, distributing stations and other necessary works, subject to adjustment under Clause 6 of this agreement.

(c) The amounts payable under this contract shall be paid in twelve monthly payments, in gold coin of the present standard weight and fineness, at the offices of the Commission at Toronto. Bills shall be rendered by the Commission on or before the 5th day and paid by the Corporation on or before the 15th day of each month. If any bill remains unpaid for fifteen days, the Commission may, in addition to all other remedies and without notice, discontinue the supply of power to the Corporation until said bill is paid. No such discontinuance shall relieve the Corporation from the performance of the covenants, provisos and conditions herein contained. All payments in arrears shall bear interest at the legal rate.

(d) To take electric power exclusively from the Commission during the continuance of this agreement.

(e) To co-operate by all means in its power at all times with the Commission to increase the quantity of power required from the Commission, and in all other respects to carry out the objects of this agreement, and of the said Act.

(f) To pay for three-fourths of the power ordered from time to time by the Corporation and held in reserve for it as herein provided whether it takes the same or not. When the highest average amount of power taken for any twenty consecutive minutes during any month shall exceed during the twenty consecutive minutes three-fourths of the amount ordered by the Corporation and held in reserve, then the Corporation shall pay for this greater amount during the entire month.

(g) If the Corporation during any month takes more than the amount of power ordered and held in reserve for it, as determined by an integrated peak, or highest average, for a period of twenty consecutive minutes, the taking of such excess shall thereafter constitute an obligation on the part of the Corporation to pay for, and on the part of the Commission to hold in reserve, such increased quantity of power in accordance with the terms and conditions of this contract.

(h) When the power factor of the highest average amount of power taken for said twenty consecutive minutes falls below 90% the Corporation shall pay for 90% of said power divided by the power factor.

(i) To use at all times first-class, modern, standard commercial apparatus and plant, to be approved by the Commission.

(j) To exercise all due skill and diligence so as to secure satisfactory operation of the plant and apparatus of the Commission and of the Corporation.

3. This agreement shall remain in force for thirty years from date of the first delivery of power under this contract.

4. The power shall be alternating, three-phase, having a periodicity of approximately 60 cycles per second and shall be delivered as aforesaid at a voltage suitable for local distribution.

(a) That the meters with their series and potential transformers shall be connected at the point of delivery at the Commission's substation located at Grand Valley.

(b) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency at the Commission's substation at Grand Valley shall constitute the supply of all power involved herein and the fulfilment of all operating obligations hereunder, and when voltage and frequency are so maintained, the amount of power, its fluctuations, load, factor, power factor, distribution as to phases and all other electric characteristics and qualities, are under the sole control of the Corporation, their agents, customers, apparatus, appliances and circuits.

5. The Engineers of the Commission, or one or more of them or any other person or persons appointed for this purpose by the Commission, shall have the right from time to time during the continuance of this agreement to inspect the apparatus, plant and property of the Corporation and take records at all reasonable hours.

6. The Commission shall at least annually adjust and apportion the amount or amounts payable by the Municipal Corporation or Corporations for such power and such interest, sinking fund, cost of lost power and cost of generating, operating, maintaining, repairing, renewing and insuring said works.

If at any time any other Municipal Corporation, or pursuant to said Act, any railway or distributing company, or any other Corporations or person, applies to the Commission for a supply of power, the Commission, shall notify the applicant and the involved Corporation or Corporations in writing, of a time and place to hear all representations that may be made as to the terms and conditions for such supply.

Without discrimination in favour of the applicants as to the price to be paid, for equal quantities of power, the Commission may supply power upon such terms and conditions as may, having regard to the risk and expense incurred, and paid, and to be paid by the Corporation, appear equitable to the Commission, and are approved by the Lieutenant-Governor in Council.

No such application shall be granted if the said works or any part thereof are not adequate for such supply, or if the supply of the Corporation will be thereby injuriously affected, and no power shall be supplied within the limits of a Municipal Corporation taking power from the Commission at the time of such application without the written consent of such Corporation.

In determining the quantity of power supplied to a Municipal Corporation, the quantity supplied by the Commission within the limits of the Corporation to any applicant, other than a Municipal Corporation, shall be computed as part of the quantity supplied to such Corporation, but such Corporation shall not be liable for payment for any portion of the power so supplied. No power shall be supplied by the Municipal Corporation to any railway or distributing company without the written consent of the Commission. Power shall not be sold for less than the cost and there shall be no discrimination as regards price and quantity.

7. It is hereby declared that the Commission is to be a trustee of all property held by the Commission under this agreement for the Corporation or Corporations supplied by the Commission but the Commission shall be entitled to a lien upon said property for all monies expended by the Commission under this agreement and not repaid. At the expiration of this agreement the Commission shall determine and adjust the rights of the Corporation and any

other (if any) supplied by the Commission, having regard to the amounts paid by them respectively under the terms of this agreement and such other considerations as may appear equitable to the Commission and are approved by the Lieutenant-Governor in Council.

8. If differences arise between Corporations to which Commission is supplying power, the Commission may upon application fix a time and place and hear all representations that may be made by the parties and the Commission shall, in a summary manner, when possible, adjust such differences and such adjustment shall be final. The Commission shall have all the powers that may be conferred upon a Commissioner appointed under the Act respecting Enquiries Concerning Public Matters.

9. This agreement shall extend to, be binding upon, and enure to the benefit of the successors and assigns of the parties hereto.

the Commission shall notify the applicant and the involved Corporation or Corporations in writing, of a time and place to hear all representations that may be made as to the terms and conditions for such supply.

Without discrimination in favor of the applicants as to the price to be paid, for equal quantities of power, the Commission may supply power upon such terms and conditions, as may, having regard to the risk and expense incurred, and paid, and to be paid by the Corporation, appear equitable to the Commission, and are approved by the Lieutenant-Governor in Council.

(Sgd.) W. W. POPE, *Secretary*.

(Sgd.) J. E. GRANT, *Reeve*.

(Sgd.) W. J. TAYLOR, *Clerk*.

SCHEDULE "G"

This Indenture made in duplicate the fifth day of June, in the year of our Lord one thousand nine hundred and sixteen;

Between:

The Hydro-Electric Power Commission of Ontario, hereinafter called the "Commission," party of the first part;

and

The Municipal Corporation of the Village of Grand Valley, hereinafter called the "Corporation," party of the second part.

Whereas, pursuant to "An Act to provide for the Transmission of Electrical Power to Municipalities, known as *The Power Commission Act* and Amendments thereto," the Corporation applied to the Commission for a supply of power, and the Commission furnished the Corporation with estimates of the total cost of such power, ready for distribution within the limits of the Corporation (and the electors of the Corporation assented to the By-laws No. , authorizing the Corporation to enter into a contract with the Commission for such power).

1. Now, therefore, this indenture witnesseth that in consideration of the premises and of the agreement of the Corporation herein set forth, subject to the provisions of the said Act and amendments thereto, the Commission agrees with the Corporation:—

(a) To reserve and deliver at the earliest possible date 100 h.p. or more of electrical power to the Corporation.

(b) At the expiration of reasonable notice in writing, which may be given by the Corporation from time to time during the continuance of this agreement, to reserve and deliver to the Corporation additional electric power when called for.

(c) To use at all times first-class, modern, standard commercial apparatus and plant, and to exercise all due skill and diligence so as to secure satisfactory operation of the plant and apparatus of the Corporation.

(d) To deliver commercially continuous 24-hour power every day in the year to the Corporation at the distribution bus bars in the Commission's substation within the Corporation's limits.

2. In consideration of the premises and of the agreement herein set forth, the Corporation agrees with the Commission:—

(a) To use all diligence by every lawful means in its power to prepare for the receipt and use of the power dealt with by this agreement, so as to be able to receive power when the Commission is ready to deliver same.

(b) To pay annually, interest at rate payable by the Commission upon the Corporation's proportionate part (based on the quantity of electrical energy or power taken), of all monies expended by the Commission on capital account for the acquiring of properties and rights, the acquiring and construction of generating plants, transformer stations, transmission lines, distributing stations, and other works necessary for the delivery of said electrical energy or power to the Corporation under the terms of this contract.

Also to pay an annual sinking fund instalment of such amount as to form at the end of thirty years, with accrued interest, a sink-

ing fund sufficient to repay the Corporation's proportionate part, based as aforesaid, of all monies advanced by the Province of Ontario for the acquiring of properties and rights, the acquiring and construction of generating plants, transformer stations, transmission lines, distributing stations and other work necessary for the delivery of said electrical energy or power, delivered to the Corporation under the terms of this contract. Also to pay the Corporation's proportionate part, based as aforesaid, of the cost of lost power and the cost of generating, maintaining, repairing, renewing and insuring said generating plants, transformer stations, transmission lines, distributing stations and other necessary works. Subject to adjustment under Clause 6 of this agreement.

(c) The amounts payable under this contract shall be paid in twelve monthly payments, in gold coin of the present standard of weight and fineness, at the offices of the Commission at Toronto. Bills shall be rendered by the Commission on or before the 5th day and paid by the Corporation on or before the 15th day of each month. If any bill remains unpaid for fifteen days, the Commission may, in addition to all other remedies and without notice, discontinue the supply of power to the Corporation until said bill is paid. No such discontinuance shall relieve the Corporation from the performance of the covenants, provisos and conditions herein contained. All payments in arrears shall bear interest at the legal rate.

(d) To take electric power exclusively from the Commission during the continuance of this agreement.

(e) To co-operate by all means in its power at all times with the Commission to increase the quantity of power required from the Commission, and in all other respects to carry out the objects of this agreement, and of the said Act.

(f) To pay for three-fourths of the power ordered from time to time by the Corporation and held in reserve for it as herein provided whether it takes the same or not. When the highest average amount of power taken for any twenty consecutive minutes during any month shall exceed during the twenty consecutive minutes three-fourths of the amount ordered by the Corporation and held in reserve, then the Corporation shall pay for this greater amount during the entire month.

(g) If the Corporation during any month takes more than the amount of power ordered and held in reserve for it, as determined by an integrated peak, or highest average, for a period of twenty consecutive minutes, the taking of such excess shall thereafter constitute an obligation on the part of the Corporation to pay for, and on the part of the Commission to hold in reserve, such increased quantity of power in accordance with the terms and conditions of this contract.

(h) When the power factor of the highest average amount of power taken for said twenty consecutive minutes falls below 90 per cent. the Corporation shall pay for 90 per cent. of said power divided by the power factor.

(i) To use at all times first-class, modern, standard, commercial apparatus and plant, to be approved by the Commission.

(j) To exercise all due skill and diligence so as to secure satisfactory operation of the plant and apparatus of the Commission and of the Corporation.

3. This agreement shall remain in force for thirty years from date of the first delivery of power under this contract.

4. The power shall be alternating, three phase, having a periodicity of approximately 60 cycles per second, and shall be delivered as aforesaid at a voltage suitable for local distribution.

(a) That the meters with their series and potential transformers shall be connected at the point of delivery.

(b) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency at the substation in the limits of the Corporation shall constitute the supply of all power involved herein and the fulfilment of all operating obligations hereunder, and when voltage and frequency are so maintained, the amount of power, its fluctuations, load factor, power factor, distribution as to phases and all other electric characteristics and qualities, are under the sole control of the Corporation, their agents, customers, apparatus, appliances and circuits.

5. The engineers of the Commission, or one or more of them, or any other person or persons appointed for this purpose by the Commission, shall have the right from time to time during the continuance of this agreement to inspect the apparatus, plant and property of the Corporation and take records at all reasonable hours.

6. The Commission shall at least annually adjust and apportion the amount or amounts payable by the Municipal Corporation or Corporations for such power, and such interest, sinking funds, cost of lost power and cost of generating, operating, maintaining, repairing, renewing and insuring said works.

If at any time any other municipal corporation, or pursuant to said Act, any railway or distributing company, or any other corporations or person, applies to the Commission for a supply of power, the Commission shall notify the applicant and the involved corporation or corporations in writing, of a time and place to hear all representations that may be made as to the terms and conditions for such supply.

Without discrimination in favor of the applicants as to the price to be paid, for equal quantities of power, the Commission may supply power upon such terms and conditions, as may, having regard to the risk and expense incurred, and paid, and to be paid by the Corporation, appear equitable to the Commission, and are approved by the Lieutenant-Governor in Council.

No such application shall be granted if the said works or any part thereof are not adequate for such supply, or if the supply of the Corporation will be thereby injuriously affected, and no power shall be supplied within the limits of a Municipal Corporation taking power from the Commission at the time of such application without the written consent of such Corporation.

In determining the quantity of power supplied to a Municipal Corporation, the quantity supplied by the Commission within the limits of the Corporation to any applicant, other than a Municipal Corporation, shall be computed as part of the quantity supplied to such Corporation, but such Corporation shall not be liable for payment for any portion of the power so supplied. No power shall be supplied by the Municipal Corporation to any railway or distributing Company without the written consent of the Commission. Power shall not be sold for less than the cost, and there shall be no discrimination as regards price and quantity.

7. It is hereby declared that the Commission is to be a trustee of all property held by the Commission under this agreement for the Corporation or Corporations supplied by the Commission, but the Commission shall be entitled to a lien upon said property for all monies expended by the Commission under this agreement and not

repaid. At the expiration of this agreement the Commission shall determine and adjust the rights of the Corporation and any other (if any) supplied by the Commission, having regard to the amounts paid by them respectively under the terms of this agreement, and such other considerations as may appear equitable to the Commission and are approved by the Lieutenant-Governor in Council.

8. If differences arise between Corporations to which Commission is supplying power, the Commission may, upon application, fix a time and place and hear all representations that may be made by the parties, and the Commission shall, in a summary manner, when possible, adjust such differences and such adjustment shall be final. The Commission shall have all the powers that may be conferred upon a Commissioner appointed under *The Act respecting Enquiries concerning Public Matters*.

9. This agreement shall extend to, be binding upon, and enure to the benefit of the successors and assigns of the parties hereto.

In witness whereof the Commission and the Corporation have respectively affixed their corporate seals and the hands of their proper officers.

Between:

The Hydro-Electric Power Commission of Ontario, herein called the "Commission," party of the first part,

and

The Municipal Corporation of the Township of Artemesia, herein called the "Corporation," party of the second part.

Whereas pursuant to an Act to provide for the transmission of electrical power to the municipalities the Corporation applied to the Commission for a supply of power;

And whereas the Corporation under the provisions of *The Power Commission Act* and amendments thereto, and *The Power Commission Act of 1911*, being "*An Act to provide for the Local Distribution of Electrical Power*," has, at the request of a number of ratepayers (petitioners) applied to the Commission for a supply of electrical power or energy, and has passed a By-law No. 30 to authorize the execution of an agreement therefor;

1. Now therefore this indenture witnesseth that in consideration of the premises and of the agreements of the Corporation set forth, subject to the provisions of said Act and amendments and of the said contract, the Commission agrees with the Corporation:—

(a) To reserve and deliver at the earliest possible date electrical power to the Corporation as required by the Corporation.

(b) At the expiration of thirty (30) days notice in writing which may be given by the Corporation from time to time during the continuance of this agreement, to reserve and deliver to the Corporation additional electrical power as may be required from time to time.

(c) To use at all times first-class, modern, standard commercial apparatus and plant, and to exercise due skill and diligence so as to secure the most perfect operation of the plant and apparatus of the Corporation.

(d) Power shall be delivered to the Corporation at approximately 2,200 or 4,000 volts, or at any other primary voltage that may be available for the Corporation's use.

(e) To supply and construct all 2,200, 4,000 or other lines at primary voltage made necessary by contracts for electric service made between the Corporation and residents or users within the township, from the Commission's power station or transformer stations to the service transformers of the Corporation located at such points as the Commission may approve, except in those parts of the township known as Eugenia and Ceylon.

2. In consideration of the premises and of the covenants and agreements herein set forth, the Corporation agree with the Commission:—

(a) To use all diligence by every lawful means in its power to prepare for the receipt and use of the power dealt with by this agreement, so as to be able to give notice as specified in paragraph 1 (b).

(b) Subject to the provisions of paragraph (g) herein, to pay the Commission monthly for all power taken, the cost of the power to be delivered by the Commission plus the charges in connection with the delivery of power to the municipality, as outlined in clause 2 (c) and (d).

(c) To pay annually interest at the rate payable by the Commission upon the Corporation's proportionate part (based on the quantity of electrical energy or power taken), of all monies expended by the Commission on capital account for the acquiring of properties and rights, and acquiring and construction of generating plants, transformer stations transmission lines, distributing stations and other works necessary for the delivery of said electrical energy or power to the Corporation under the terms of this contract. Also to pay an annual sinking fund instalment of such amount as to form at the end of thirty (30) years with accrued interest a sinking fund sufficient to repay the Corporation's proportionate part, based as aforesaid, of all monies advanced by the Province of Ontario for the acquiring of properties and rights, the acquiring and construction of generating plant, transformer stations, transmission lines, distributing stations and other works necessary for delivery of said electrical energy or power delivered to the Corporation under the terms of this contract. Also to pay the Corporation's proportionate part, based as aforesaid, of the cost of lost power and of the cost of operating, maintaining, repairing, renewing and insuring said generating plants, transformer stations, transmission lines, distributing stations and other necessary works. Subject to adjustment under clause 8 of this agreement.

(d) In addition to the cost of power and cost of delivering it to the Corporation, as provided for in paragraph 2 (b) and (c), to pay to the Commission in half-yearly instalments interest and sinking fund on a thirty (30) year basis on all capital invested by the Commission in 2,200 volt, 4,000 volt or other lines of primary voltages as provided for in paragraph 1 (e), and to maintain, repair, renew and operate the said lines and set aside a depreciation fund at the rate of 5% per annum on all capital expended by the Commission on such construction.

If any bill remains unpaid for 15 days the Commission may, in addition to all other remedies, and without notice, discontinue the supply of power to the Corporation until said bill is paid. No such discontinuance shall relieve the Corporation from the performance of the covenants, provisos and conditions herein contained, and payments in arrears shall bear interest at the legal rate.

If the Corporation during any month takes more than the amount of power ordered and held in reserve for it, as determined by an integrated peak, or the highest average for a period of twenty consecutive minutes, the Corporation shall pay for this greater amount of power during the entire month. The taking of such excess shall therefore constitute an obligation on the part of the Corporation to pay for and on the part of the Commission to hold in reserve an additional block of power in accordance with the terms and conditions of this agreement.

When the power factor of the highest amount of power taken for said twenty consecutive minutes falls below 90% the Corporation shall pay for 90% of the said power factor divided by the power factor.

(h) To use at all times first-class, modern, standard commercial apparatus, and plant to be approved by the Commission, and to exercise all due skill and diligence so as to secure the most perfect operation of the plant and apparatus of the Commission and of the Company.

(i) To co-operate, by all means in its power, at all times, with the Commission, to increase the quantity of power required from the Commission and in all other respects to carry out the objects of this agreement and of the said Act.

The power shall be three-phase, alternating commercially continuous twenty-four hour power every day of the year, except as provided in paragraph 6, having a periodicity of approximately 60 cycles per second, and shall be delivered as aforesaid at a voltage suitable for distribution within the municipality.

(a) That the meters with their series and potential transformers shall be connected at the point of delivery, and shall be subject to test as to accuracy by either party hereto.

(b) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency at the point of delivery to the Corporation shall constitute the supply of all power involved herein and the fulfilment of all operating obligations hereunder; and when voltage and frequency are so maintained, the amount of power, its fluctuations, load factor, power factor, distribution as to phases, and all other electric characteristics and qualities are under the sole control of the Corporation, their agents, customers, apparatus, appliances and circuits.

5. 6. In case the Commission should at any time or times be prevented from supplying said power, or any part thereof, or in case the Corporation shall at any time be prevented from taking said power, or any part thereof, by strike, lock-out, fire, invasion, explosion, act of God, or the King's enemies, or any other cause reasonably beyond their control, then the Commission shall not be bound to deliver such power during such times, and the Corporation shall not be bound to pay the price of said power, during such time.

7. The Commission shall at least annually adjust and apportion the amounts payable by municipal corporations for such power and such interest, sinking fund, line loss, and cost of operating, maintaining, repairing, renewing and insuring the lines and works.

8. Without discrimination in favor of the applicants as to the price to be paid, for equal quantities of power, the Commission may supply power upon such terms and conditions as may, having regard to the risk and expense incurred, and paid, and to be paid by the Corporation, appear equitable to the Commission, and are approved by the Lieutenant-Governor in Council.

10. In case any municipal corporation, or any person, firm or corporation which shall contract with the Commission or with any municipal corporation for a supply of power furnished to the Commission by the Company shall suffer damages by the act of neglect of the Company, and such municipal corporation, person, firm or corporation would, if the Company had made the said contracts directly with them have had a right to recover such damages or commence any proceedings or any other remedy, the Commission shall be entitled to commence any such proceedings to bring such action for or on behalf of such municipal corporation, person, firm or corporation, and notwithstanding any act, decision or rule of law, to the contrary, the Commission shall be entitled to all the rights and remedies of such municipal corporation, person, firm or corporation, including the right to recover such damages, but no action shall be brought by the Commission until such municipal corporation, person, firm or corporation shall have agreed with the Commission to pay any costs that may be adjudged to be paid if such proceedings or action is unsuccessful. If at any time any other municipal corporation or pursuant to said Act, any railway or distributing company, or any other corporation or person, applies to the Commission for a supply of power, the Commission shall notify the applicant and the corporation in writing, of a time and place and hear all representations that may be made as to the terms and conditions for such supply.

Without discrimination in favour of the applicants as to the price to be paid, for equal quantities of power, the Commission may supply power upon such terms and conditions as may, having regard to the risk and expense incurred, and paid, and to be paid by the Corporation, appear equitable to the Commission, and are approved by the Lieutenant-Governor in Council.

10. If differences arise between corporations to whom the Commission is supplying power, the Commission may, upon application, fix a time and place to hear all representations that may be made by the parties and the Commission shall, in a summary manner, when possible, adjust such differences and such adjustment shall be final.

The Commission shall have all the powers that may be conferred upon a Commissioner appointed under *The Act respecting Enquiries concerning Public Matters*.

(Sgd.) W. W. POPE, *Secretary.*

THE MUNICIPAL CORPORATION OF THE TOWNSHIP OF
BRANT IN THE COUNTY OF BRUCE.

(Sgd.) R. S. NESBITT, *Reeve.*

(Sgd.) M. A. McCALLUM, *Clerk.*

SCHEDULE "J."

This Agreement made this 11th day of November, A.D. 1916,

Between:

The Hydro-Electric Power Commission of Ontario, herein called the "Commission," party of the First Part:

and

The Municipal Corporation of the Township of Bentinck in the County of Grey, herein called the "Corporation," party of the Second Part.

Whereas, pursuant to an Act to provide for the Transmission of Electrical Power to the Municipalities, the Corporation applied to the Commission for a supply of power;

And whereas the Corporation, under the provisions of *The Power Commission Act* and amendments thereto and *The Power Commission Act of 1911*, being "An Act to Provide for the Local Distribution of Electrical Power," has, at the request of a number of rate-payers (petitioners) applied to the Commission for a supply of electrical power or energy, and has passed a By-law No. 7 to authorize the execution of an agreement therefor.

1. Now, therefore, this indenture witnesseth that, in consideration of the premises and of the agreements of the Corporation set forth, subject to the provisions of said Act and amendments and of the said contract, the Commission agrees with the Corporation:—

(a) To reserve and deliver at the earliest possible date electrical power to the Corporation as required by the Corporation.

(b) At the expiration of thirty (30) days' notice in writing, which may be given by the Corporation from time to time during

the continuance of this agreement, to reserve and deliver to the Corporation additional electrical power as may be required from time to time.

(c) To use at all times first-class, modern, standard commercial apparatus and plant and to exercise due skill and diligence so as to secure the most perfect operation of the plant and apparatus of the Corporation.

(d) Power shall be delivered to the Corporation at approximately 2,200 or 4,000 volts, or at any other primary voltage that may be available for the Corporation's use.

(e) To supply and construct all 2,200 volt, 4,000 volt or other lines at primary voltage made necessary by contracts for electric service made between the Corporation and residents or users within the Township, from the Commission's power station or transformer stations to the service transformers of the Corporation located at such points as the Commission may approve, except in that part of the Township known as Elmwood, and it is hereby understood and agreed upon by both parties hereto that all of the cost of the primary, secondary, and street lighting distribution systems located within the hamlet of Elmwood and upon the streets of same, shall be paid for direct by the Corporation, including all meters, transformers, services, street lighting brackets, poles, wires, cross arms, and any equipment necessary to serve the consumers within the said hamlet of Elmwood.

2. In consideration of the premises and of the covenants and agreements herein set forth, the Corporation agrees with the Commission:—

(a) To use all diligence by every lawful means in its power to prepare for the receipt and use of the power dealt with by this agreement, so as to be able to give notice as specified in paragraph 1 (b).

(b) Subject to the provisions of clause (g), section 2 herein, to pay the Commission monthly for all power taken, the cost of the power to be delivered by the Commission, plus the charges in connection with the delivery of power to the Municipality, as outlined in clauses 2 (c) and (d).

(c) To pay annually interest at the rate payable by the Commission upon the Corporation's proportionate part (based on the quantity of electrical energy or power taken), of all moneys expended by the Commission on capital account for the acquiring of properties and rights, and acquiring and construction of generating plants, transformer stations, transmission lines, distributing stations and other works necessary for the delivery of said electrical energy or power to the Corporation under the terms of this contract. Also to pay an annual sinking fund instalment of such amount as to form at the end of thirty (30) years with accrued interest a sinking fund sufficient to repay the Corporation's proportionate part, based as aforesaid, of all moneys advanced by the Province of Ontario for the acquiring of properties and rights, the acquiring and construction of generating plant, transformer stations, transmission lines, distributing stations and other works necessary for delivery of said electrical energy or power delivered to the Corporation under the terms of this contract. Also to pay the Corporation's proportionate part, based as aforesaid, of the cost of lost power and of the cost of operating, maintaining, repairing, renewing and insuring said generating plants, transformer stations, transmission lines, distributing stations and other necessary works. Subject to adjustment under clause 8 of this agreement.

(d) In addition to the cost of power and cost of delivering it to the Corporation, as provided for in paragraph 2 (b) and (c), to pay to the Commission in half-yearly instalments interest and sinking fund on a thirty (30) year basis on all capital invested by the Commission in 2,200 volt, 4,000 volt or other lines of primary voltage as provided for in paragraph 1 (c), and to maintain, repair, renew and operate the said lines and set aside a depreciation fund at the rate of 5 per cent. per annum on all capital expended by the Commission on such construction.

The payments covering cost of construction of primary lines as outlined in this clause 2 (d) shall not apply to the portion of the Township known as Elmwood and the capital cost of all primary, secondary and street lighting and distribution lines in this locality, including all meters, transformers, and other necessary equipment for the distribution system, shall be borne entirely by the Corporation, but shall be constructed by the Commission and the Corporation shall make payment to the Commission within thirty (30) days after rendering of account, covering moneys spent by the Commission on construction of said primary, secondary and street lighting distribution lines, including all meters, transformers and other necessary equipment as mentioned above, comprising the said distribution system in the hamlet of Elmwood.

(e) The amounts payable in accordance with clauses 2 (b), (c) and (d) shall be paid in gold coin of the present standard of weight and fineness, at the office of the Commission at Toronto, and bills shall be rendered by the Commission on or before the 5th day, and paid by the Corporation on or before the 15th day of each month, except that payments under clause 2 (d) shall be made half-yearly. If any bill remains unpaid for fifteen days the Commission may, in addition to all other remedies, and without notice, discontinue the supply of power to the Corporation until said bill is paid. No such discontinuance shall relieve the Corporation from the performance of the covenants, provisoes and conditions herein contained, and payments in arrears shall bear interest at the legal rate.

(f) To take power exclusively from the Commission during the continuance of this agreement.

(g) To pay for three-fourths of the power ordered from time to time by the Corporation and held in reserve for it as herein provided, whether it takes same or not. When the highest average amount of power taken for any twenty consecutive minutes during any month shall exceed during twenty consecutive minutes three-fourths of the amount of power rendered by the Corporation and held in reserve, then the Corporation shall pay for this greater amount during the entire month. If the Corporation during any month takes more than the amount of power ordered and held in reserve for it, as determined by an integrated peak, or the highest average for a period of twenty (20) consecutive minutes, the Corporation shall pay for this greater amount of power during the entire month. The taking of such excess shall, therefore, constitute an obligation on the part of the Corporation to pay for and on the part of the Commission to hold in reserve an additional block of power in accordance with the terms and conditions of this agreement.

When the power factor at any time falls below ninety (90%) per cent. the Corporation shall pay for ninety per cent. (90%) of the kilovolt amperes, providing that said ninety per cent (90%) of said kilovolt amperes is greater than the maximum kilowatts for any twenty (20) minute period during the month.

(h) To use at all times first-class, modern, standard, commercial apparatus and plant to be approved by the Commission and to exercise all due skill and diligence, so as to secure the most perfect

operation of the plant and apparatus of the Commission and of the Corporation.

(i) To co-operate by all means in its power, at all times, with the Commission, to increase the quantity of power required from the Commission and in all other respects to carry out the objects of this agreement and of the said Act.

3. This agreement shall remain in force for thirty (30) years from the date of the first delivery of power hereunder.

4. The power shall be three phase, alternating commercially continuous twenty-four hour power every day of the year, except as provided in paragraph 6, having a periodicity of approximately 60 cycles per second, and shall be delivered as aforesaid at a voltage suitable for distribution within the municipality.

(a) That the meters with their series and potential transformers shall be connected at the point of delivery, and shall be subject to test as to accuracy by either party hereto.

(b) The maintenance by the Commission of approximately the agreed voltage at approximately the agreed frequency at the point of delivery to the Corporation shall constitute the supply of all power involved herein and the fulfilment of all operating obligations hereunder; and when voltage and frequency are so maintained, the amount of power, its fluctuations, load factor, power factor, distribution as to phases, and all other electric characteristics and qualities are under the sole control of the Corporation, their agents, customers, apparatus, appliances and circuits.

5. The engineers of the Commission, or one or more of them, or any other person or persons appointed for this purpose by the Commission, shall have the right from time to time during the continuance of this agreement, to inspect the apparatus, plant and property of the Corporation and take records at all reasonable hours.

6. In case the Commission should at any time or times be prevented from supplying said power, or any part thereof, or in case the Corporation shall at any time be prevented from taking said power, or any part thereof, by strike, lock-out, fire, invasion, explosion, act of God, or the King's enemies, or any other cause reasonably beyond their control, then the Commission shall not be bound to deliver such power during such times, and the Corporation shall not be bound to pay the price of said power, during such times.

7. The Commission shall at least annually adjust and apportion the amounts payable by municipal corporations for such power and such interest, sinking fund, line loss, and cost of operating, maintaining, repairing renewing and insuring the lines and works.

8. It is hereby declared that the Commission is to be a trustee of all property held by the Commission under this agreement for the Corporation and other municipal corporations supplied by the Commission, but the Commission shall be entitled to a lien upon said property for all moneys expended by the Commission under this agreement and not repaid. At the expiration of this agreement the Commission shall determine and adjust the rights of the Corporation and other municipal corporations supplied by the Commission, having regard to the amounts paid by them, respectively, under the terms of this agreement, and such other considerations, as may appear equitable to the Commission and are approved by the Lieutenant-Governor in Council.

9. If at any time any other municipal corporation or pursuant to said Act, any railway or distributing company, or any other corporation or person, applies to the Commission for a supply of power,

the Commission shall notify the applicant and the Corporation in writing, of a time and place and hear all representations that may be made as to the terms and conditions for such supply.

Without discrimination in favour of the applicants as to the price to be paid, for equal quantities of power, the Commission may supply power upon such terms and conditions as may, having regard to the risk and expense incurred, and paid, and to be paid by the Corporation, appear equitable to the Commission, and are approved by the Lieutenant-Governor in Council.

10. If differences arise between corporations to whom the Commission is supplying power, the Commission may, upon application, fix a time and place to hear all representations that may be made by the parties, and the Commission shall, in a summary manner, when possible, adjust such differences, and such adjustment shall be final.

The Commission shall have all the powers that may be conferred upon a Commissioner appointed under *The Act respecting Enquiries Concerning Public Matters*.

11. This agreement shall extend to, be binding upon and enure to the benefit of the successors and assigns of the parties hereto.

In witness whereof the Commission and the Corporation have respectively affixed their corporate seals and the hands of their proper officers.
